RAPID PROGRESS ON RAILROAD BILL

Senate Adopted Several Amendments and Rejected Others Yesterday.

SIMMONS' NEW PROVISION

Accepted Along With Senator Burton's —Places Water Transportation Under Commerce Commission —Bailey Loses.

Washington, June 1.—By a vote of 25 to 31 the Senate today refused to challenge the Supreme Court of the United States to another decision regarding the right of common carriers to transport commodities produced by themselves.

The vote was taken upon an amendment to the railroad bill offered by Senator Bailey, of Texas, making it unlawful for any railroad company to transport from one State to another "any article or commodity manufactured, mixed or produced by it or under its authority or by any corporation, joint stock company or partnership in which said railroad company holds, owns or controls directly or indirectly any stock or interest."

The amendment was intended to remedy the supposed defect in the commodities clause of the Hepburn Act of 1906, out of which grew the famous decision of the Supreme Court of the United States in which the government undertook to prosecute a number of the roads engaged in the mining of anthracite coal in Pennsylvania. The court held the law to be constitutional, but materially limited its application.

The original provision was drawn by Senator Bailey and he sought by today's amendment to force the court to face squarely the question of the right of Congress to prohibit railroad companies from transporting commodities produced by themselves. Mr. Bailey said that it was his intention to make the language of the present provision so plain that "not even a judge of the Supreme Court could fail to understand it."

The time consumed in debate on the Bailey amendment prevented a final vote being reached on the bill as had been hoped.

The LaFollette amendment providing for the ascertainment of the physical valuation of all railroad property as a basis for the fixing of rates was defeated 25 to 30.

A modified provision by Mr. Simmons requiring such valuation of property affected by any given case, also was lost, 28 to 30. The tendency towards bringing water transportation under the jurisdiction of the Interstate Commerce Commission which has been noticeable throughout the consideration of the bill, found expression in two amendments, one offered by Senator Simmons, of North Carolina, and the other by Senator Burton, of Ohio, both of which found acceptance. The first was presented as a proviso in connection with the long and short haul provision, heretofore adopted. It provides "that when application is made to the commission by a carrier to fix a lower rate for longer than for shorter distances, on account of water competition, said application shall not be granted if the commission, after investigation, shall find that the lower rate asked for will destroy water competition."

Mr. Simmons, in support of his amendment, gave instances in which he said railroad companies had put down rates to drive out boat lines, and then with this result accomplished had increased the rates again.

Following is the text of the Burton amendment: "Whenever a railway or railways in competition with a water route or routes shall reduce the rates on the carriage of any species of freight it shall not be permitted to increase such rates unless, after hearing by the Interstate Commerce Commission, it shall be found that such proposed increase rests upon changed conditions other than the elimination or the decrease in water competition, and the said commission is hereby given the right to prescribe minimum railroad rates on lines competing with waterways whenever, in its opinion, the object of the railroad or railroads in reducing rates is to destroy waterway competition."

Mr. Burton had not proceeded far with his explanation of his amendment when he was stopped by an announcement by Mr. Elkins in charge of the bill, that he would accept the provision. Nevertheless the roll was called, resulting 53 to 1.

Mr. Bailey in speaking in support of his amendment, freely criticised the decision of the Supreme Court out of which the amendment grew. He went so far as to express the view that the opinion of the court as promulgated had been a re-written document. He explained that this conclusion had been reached through his knowledge of literary construction and not through any "inside information."

His purpose, he said, was to divorce transportation from production and he added that he had made a special effort to draw the provision so as to render it impossible for the court to evade a direct decision on the right of Congress thus to legislate.

"If they can get around this amendment they will show themselves possessed of an ingenuity that will sur-

(Continued on Page Eight.)

TAFT'S NEW SECRETARY.

TAFT NAMES NEW SECRETARY

Charles D. Norton, Treasury Official, Succeeds Secretary Carpented—Will be "Assistant President"—Taft Pleased.

Washington, June 1.—Charles D. Norton, of Chicago, assistant secretary of the Treasury, was appointed secretary to the President late today. Mr Norton will not be able to take up the duties of his new office until next week Mr. Taft, after a talk with Mr. Norton, this afternoon caused an official announcement to be made at 5:25 P. M.

Mr. Norton had breakfast with the President at the White House this morning and it was then that the formal tender was made and accepted.

President Taft is particularly pleased that Mr. Norton has accepted the secretaryship. Mr. Taft, it can be authoritatively stated, has the utmost confidence in Mr. Norton and proposes to turn over to him many details which heretofore he has had to deal with himself. Mr. Norton is to be a sort of "assistant president" and he will perhaps be given a wider latitude than any man who has held the office in recent years.

Mr. Norton will not enter on his new duties until Monday at the earliest. During the remainder of the present week he will be the acting head of the Treasury Department as Secretary MacVeagh is going to New York tomorrow for several days.

Secretary MacVeagh was asked tonight who would take the place to be vacated by Mr. Norton, but he was not prepared to make any announcement on the subject.

Mr. Norton is in his 40th year. He was born in Winnebago county, Wisconsin, at what is now Oshkosh, and is the son of Rev. Franklin B. Norton, a Congregational frontier missionary. Mr. Norton married in 1897 Miss Catherine McKim Garrison, of New York, and they have three children. He is a graduate of Amherst College, in the class of 1893.

The movement in which he takes most pride has been his leading part in the great "Plan of Chicago", the stupendous scheme of city re-construction planned by the Commercial Club, of that city, of whose general committee on this subject Mr. Norton is chairman.

He is a vigorous worker and at the Treasury Department has what the employes call "steam engine" capacity for disposing of business.

The appointment is a personal one and does not have to be confirmed by the Senate.

SEVENTEEN KILLED.

By Explosion of 400 Kegs of Powder —All Workmen.

Ogdon, Utah, June 1.—Four hundred kegs of powder were prematurely discharged today in the quarry of the Union Portland Cement Company near the Devils Slide in Weber Canon, eight miles east of Morgan. Seventeen laborers are missing and it is believed all were killed.

Those missing include Hugh McGuire, the foreman, seven Italians, seven Hungarians and two Japanese.

A tunnel had been driven into the hill above the cement plant and 400 kegs of powder had been placed therein. The workmen were preparing to seal the chamber, preliminary to firing the blast, when the powder exploded prematurely.

Today's Deposits.

Will bear interest from June 1st and receive interest September 1st.

ARE PAVING WAY FOR POSTAL BANKS

Republican House Caucus Adopted the Davidson Amendment.

PROPORTION DECIDED UPON

Sixty-Five Percent. Must Remain on Deposit in State and Territorial Banks—The Vreeland Amendment Voted Down.

Washington, June 1.—The Republicans of the House went squarely on record tonight for prompt passage of the postal savings bank bill, which is part of President Taft's legislative programme. The bill was finally agreed on at a caucus lasting until midnight when the following resolution submitted by Representative Tawney, of Minnesota, was adopted:

"Resolved that the postal savings bank bill agreed on by this caucus be and the same is hereby adopted that the same be reported by the committee on postoffices and postroads and that it is the sense of this caucus that a rule be reported from the Committee on Rules for its consideration in the House."

The caucus was largely attended and the only bolt was by Representative Southwick, of New York, who vehemently dencunced the bill as radically socialistic, and withdrew declaring his intention to fight it on the floor of the House.

Tonight's caucus had left only Section nine, relating to the disposition of postal savings funds, to be dealt with. The bill establishes postal savings depositories for depositing savings at interest with the security of the government for repayment.

The House Republican caucus tonight fixed at 65 per cent. the amount of funds placed in the postal savings banks that must remain on deposit in banks in each State and territory and 30 per cent, as the proportion of such funds that the trustees may withdraw for investment in United States securities. The other five per cent. must be held as a permanent reserve in the United States Treasury.

This disposition of the funds which are contemplated in connection with the proposed postal savings banks legislation was provided for in the Davidson amendment which was adopted by the caucus.

The original bill provided that 47 1-2 per cent. of the funds that might be put in the postal savings banks should be deposited in local banks and the same percentage was authorized to be withdrawn for investment in United States securities with five per cent. reserve fund in the treasury.

The caucus voted down the Vreeland amendment which extended the prcentage of deposits allowed in the local banks to 72 1-2 per cent., the investment in Federal securities to 22 1-2 per cent., with the five per cent. permanent reserve. The Vreeland amendment was first defeated on the rising vote by 59 to 53, and again voted down, when tellers were ordered, by 59 to 57. The Davidson amendment was then adopted.

UNITED PRESBYTERIAN CHURCH.

Industrial Conditions Condemned—Resolutions.

Philadelphia, June 1.—Industrial conditions were condemned and resolutions urging that the church take steps to improve the conditions of the working classes were adopted at the closing session of the General Assembly of the United Presbyterian Church held here today.

At the morning session the revised edition of the book of Psalms was adopted after a spirited discussion.

The Rev. Charles Stelzle, president of the Presbyterian Labor Reform movement, declared that the church is slowly, but surely, losing ground among the laboring classes and that steps should be taken by the church to show its sympathy with the workers.

The resolutions adopted also condemn "the grave evils of over capitalization and combination whereby the cost of the necessities of life become greater for both laborer and consumer."

Washington, Penn., was chosen as the meeting place for the next General Assembly.

In the report of the Committee on Ways and Means, the Rev. J. J. Porter, Pittsburg, reported the United Presbyterian Church here giving two and a half times as much for each member toward the support of foreign missions as any other denomination.

SOLOMON SHEPPARD SHOT.

Durham County Murderer Made Dash for Liberty Near Garysburg.

(Special Star Telegram.)

Raleigh, N. C., June 1.—Solomon Sheppard, the notorious Durham county murder who escaped the gallows through commutation to life imprisonment and twice attempted daring escapes, being the last time at large and doing a sensational stunt several days, was dangerously shot today near Garysburg with a squad of convicts. He rolled down an embankment and attempted to dash into the bushes. Guards fired three shots, one taking effect in the foot and another in the body, a buck shot penetrating lung. He will recover, however.

LEGAL REFORMS ARE IMPERATIVE

Committee on Reform in Legal Procedure in Session Yesterday.

A STATEMENT IS GIVEN OUT

System Hundred Years Behind the Age—Technical Questions Not Merit is What Prevails—Judge Parker Leader.

New York, June 1.—The system under which the law is administered in this country is 100 years behind the age; the procedure in equity cases is a scandal to our jurisprudence; many cases are decided not on their merits but purely on technical questions and not only has something got to be done about it, but something will be done about it.

This is the sum and substance of a statement given out tonight, by a joint committee on reform in legal procedure of the National Bar Association and the National Civic Federation at the conclusion of a conference held today in the Lawyers' Building at the invitation of former Judge Alton B. Parker.

"Ninety per cent. of the proverbial law's delay," says the statement, "are due to the system under which the law is administered rather than to the intention of the attorneys interested in delayed suits or the benefit resulting to either side from delays. As a matter of fact, it is to everybody's interest to have law suits quickly and cheaply disposed of."

Progress of equity cases in the Federal courts is characterized as a "slow and tedious process," and one which is "a scandal to our jurisprudence."

One-third of the questions decided by courts of last resort are said to be questions of practice and procedure of which "an altogether unnecessary percentage of decisions relates to the useless science of appellate procedure.

It ought not to require any science to obtain a review in an appellate court of the decision of a lower court.

It is explained that bills recommended by the American Bar Association are now before Congress to correct these evils and that they have the hearty support of President Taft who has publicly urged a radical change in the administration of the law.

Sub-committees of the joint committee will report to the next meeting of the bar association oe be held in Chattanooga August 30th.

Many distinguished lawyers from all parts of the country are on these committees.

MRS. CASSANDRA RHODES.

Passed Away Yesterday Evening at Her Home at Rocky Point.

(By Long Distance Telephone.)

Rocky Point, N. C., June 1.—Mrs. Cassandra Rhodes passed away at 6:30 o'clock this evening at the home of her daughter-in-law here, aged 76 years. She was a native of Onslow county and was well known in that county, Cartaret, Jones and other sections of Eastern Carolina, being a most estimable woman. She is survived by her daughter-in-law and two grand-children, Mr. Arnold N. Rhodes, of Burgaw, and Miss Dollie Rhodes, of this place. The funeral will be held from the church this afternoon at 3 o'clock and it will be attended by many friends throughout this section.

St. Louis, June 1.—A. B. Lambert, president of the Aero Club of St. Louis, tonight announced that plans are maturing for a 650 mile aeroplane race over a triangular course from Indianapolis to St. Louis, thence to Chicago, thence to Indianapolis. He said definite announcement as to the prizes and rules would be made within a week.

OUTLINES.

Material Progress was made on the railroad bill in the Senate yesterday, several amendments having been accepted and others rejected. Two introduced by Senator Simmons, of North Carolina, and Senator Burton, were accepted——Charles D. Norton, of Chicago, was yesterday appointed by President Taft to succeed Secretary Carpenter in the White House. The new secretary is at present a Treasury official——Six vessels were lost yesterday in the severe gale on the North Atlantic Coast. Seven of a crew of a French vessel were drowned——The House Republican caucus agreed to amend the postal savings bank bill last night by adopting the Davidson provision——C. S. Abell, former manager of the Baltimore Sun, has purchased the Norfolk Landmark——Little progress was made in the Illinois bribery inquiry yesterday; Beckemeyer will tell his story of graft to the Sangamon county investigators today——New York markets: Money on call steady 2 3-4 to 3 1-4 per cent., ruling rate 3 1-4, closing bid 3 1-4, offered at 3 3-8; flour generally steady with a moderate inquiry; wheat spot firm No. 2 red 1.05, No. 1 northern 1.11 7-8 nominal f. o. b.; corn spot firm, No. 2 66 nominal elevator domestic basis; oats steady; rosin and turpentine quiet; spot cotton closed quiet five points advance, middling uplands 14.55, middling gulf 14.80.

Senator Burrows Favors Popular Endorsements

Kalamazoo, Mich., June 1.—United States Senator J. C. Burrows wants to be re-elected, but wants a popular endorsement. In announcing his candidacy Senator Burrows joins the movement in favor of Senators being elected by direct vote. His announcement commends the "conservative yet progressive tendencies of President Taft." It also endorses the Republican platform of 1908 and declares for a tariff on imports, a strong navy, international arbitration, a merchant marine, an adequate currency and banking system and regulation of interstate commerce to protect shippers, carriers and the people alike.

SIX VESSELS LOST IN GALE

Crew of French Brigantine Drowned—Severe Weather Along North Atlantic Coast—British Steamer Wrecked.

Halifax, N. S., June 1.—Thick fog and a quickly born southwest gale resulted in the wrecking of six vessels and the loss of eight men at various points along the rocky north Atlantic coast last night and early today.

While most of the crew of 25 were asleep below decks, the French brigantine Mauve, a fishing vessel piled up in the fog on Point Blanche, at the entrance of St. Pierre harbor, Miquelon, this morning and six men on deck were hurled overboard and drowned. The remaining 19 made their way to shore in small boats and rafts. The Mauve is believed to be a total lost. The Norwegian bark Borghild was driven on Castor ledges off Port Bickerton, N. S., and at once began to go to pieces in the heavy sea. The crew of nine men launched their small boats, but all of them were battered to pieces on the rocks and two of the men were either drowned or hurled to death on the ledges. The remaining seven, clinging to the wreckage of their boats, were rescued by fishermen.

Half a mile inside of Port Nova, N. S., the British steamer Ben Cruachan, bound from Baltimore to Chatham, N. B., struck the beach so hard that it is doubtful if she can be saved. Her crew of 26 men were rescued. Captain Boswell, it is said, mistook the Louisburg fog siren for the Scatarie whistle and steered a wrong course, landing in the breakers. Several steamers and tugs have gone to the scene of the wreck.

The tug Pejepscot with two barges went ashore at Cape Spencer. All the crews escaped. One barge may be saved but the other and the tug probably will go to pieces on the rocks.

C. S. ABELL BUYS LANDMARK.

Norfolk Paper Sold to Former Manager of Baltimore Sun.

Norfolk, Va., June 1.—The Norfolk Landmark will tomorrow print in part: "The Norfolk Landmark has been purchased by Charles S. Abell, formerly in charge of the Baltimore Sun. With today's issue Mr. Abell, who is now the president of the Norfolk Landmark Publishing Company, will assume personal management of the paper. S. S. Nottingham, who has conducted the Landmark successfully for many years, and K. Foster Murray, will remain with Mr. Abell.

"Charles S. Abell was associated with the Sun for 15 years, in various capacities, the last as manager, which position he held until a few months ago, when the majority interest in the paper was sold.

"The Landmark will be conducted, as in the past, along considerate, conservative and independent lines, and will strive unswervingly to serve the people faithfully and fully."

Mr. Abell announces in conclusion that the policy of the Landmark shall be the same as that announced in 1837 when his grandfather, A. S. Abell, founded the Baltimore Sun.

The Landmark is regarded as one of the most valuable pieces of newspaper property in the South.

HAVEMEYER AND THE FRAUDS

Gave Directors to "Take Care of Boys" on His Death Bed—Trial of Three Sugar Trust Officials—Day of Testimony.

New York, June 1.—That the late H. O. Havemeyer, former president of the American Sugar Refining Company, gave directions two weeks before his death in 1907 to "take care of the boys" was part of the testimony heard today in the trial of three officials of the company charged with complicity in a conspiracy to defraud the government of customs dues.

Ernest W. Gerbracht, refinery superintendent; James F. Bendernagel, former cashier of the refinery, and Chas. P. Heike, secretary treasurer of the company, are the three on trial. "Take care of those boys; get counsel for them; see them through it, were the orders Gerbracht said he received from Havemeyer when he informed him after the first arrest of checkers that the men insisted on their innocence.

"Taking care of the boys" Gerbracht later testified, "had extended to paying their wages from the day they left the company's service until the present time. The salary of Oliver Spitzer, former dock superintendent, who was pardoned from the Atlanta penitentiary by President Taft, Gerbracht said, was paid to Mrs. Spitzer while her husband was in prison, and he believed she is still getting it. Spitzer, when on the stand for the prosecution, testified that his salary ceased when he was locked up.

Gerbracht was the chief witness today in his own defense. Theodore Havemeyer, he said, has absolute charge of the refinery until his death in 1897, and H. O. Havemeyer later personally directed all the routine. His story was not changed on cross-examination. Gerbracht was still on the stand when adjournment was taken.

THE TOXAWAY PRO. ERTY.

Pritchard Continues Motion for Removal of the Receiver.

Asheville, N. C., June 1.—Judge J. C. Pritchard today continued the motion for the plaintiff for the removal of the receiver in the case of A. H. Burroughs, trustee and R. B. Arrington, against the Toxaway Company to June 14, when J. Haywood Parker, who was appointed referee, will report on the receiver's accounts and the proper compensation for the receiver and his counsel. The only certain fact in the case at present is that the Duke interests which is represented by Arrington, the hold of $210,000 worth of bonds, is willing to sell these bonds to E. H. Jennings, a banker of Pittsburg, Pa., who is vice president of the Toxaway Company, if the money is forthcoming. The prospective purchaser agrees to pay the receiver's certificates and the receiver's accounts, but there is a difference as to the receiver's compensation and counsel fees.

Lynchburg, Va., June 1.—The council, of the Diocese of Southern Virginia of the Episcopal church, in session here today elected the following delegation to the general convention which meets in Cincinnati in October: Clerical Deputies, Rev. C. B. Bryan, Dr. J. J. Lloyd and Rev. Jos. B. Dunn; Lay Deputies, W. W. Olds, W. W. Robertson, E. W. Saunders and W. B. Martin.

RAILROADS PLAN TO CONTEST SUIT

Lines Affected by Injunction Will Fight Government's Action.

COURT'S ORDER WAS OBEYED

Agreement Feature Principal Ground on Which Railroad Attorneys Will Fight Government—No Rate Increase in West.

St. Louis, Mo., June 1.—Within the next two days, attorneys for the 25 western railroads temporarily restrained yesterday from advancing freight rates by Judge David P. Dyer, of the United States Circuit court, will meet in St. Louis to plan an answer to the government's suit. It was announced tonight by an attorney for one of the roads that Attorney General Wickersham's petition for a permanent injunction would be bitterly contested.

The principal ground on which the suit will be fought is the contention that there is an agreement among the railroads to advance freight rates in violation of the Sherman act.

If it is an agreement at all, it is admitted, the companies will contend that it is legal in every respect and it is necessary because of present industrial conditions to protect the interests of the general public. The facts that the railroads are members of the Western Trunk Line, a railroad officer, said, did not indicate that they were in an agreement because the schedule of rates promulgated by the Western Trunk Line Committee was binding on the different members without their express consent.

It was stated at various railroad headquarters that the enjoined rates might have been collected at distant points today because rescinding orders had not had time to reach them.

Railroad officers, so far as they could, obeyed the court's order, even before service was made. They were greatly surprised at the secrecy with which the government's petition was filed yesterday and were unprepared for action.

Officers said that most of the railroads had anticipated the increased revenue which the new rates would bring and had planned extensive improvements which probably will be held up pending litigation. One broker in railroad supplies said that already he had received several cancellations on orders from the railroad companies affected by the injunction.

The restraining order was placed in the hands of a United States marshal tonight for service tomorrow on three of the companies having general offices in St. Louis.

Copies of the order were sent tonight to Chicago, Kansas City, St. Paul and Parsons, Kas., where general offices of the other 22 railroads are situated.

Following the filing today of a request to expedition to hearing of the case, it was announced that the judges of the United States Circuit Court, Adams, VanDeventer, Hook and Sanborn, may take it up before the vacation season. In that event, the hearing would take place in St. Paul, where the judges are now holding court.

TAFT SPOKE TO GRADUATES.

Education of Women Praised by the President—Remarks.

Washington, June 1.—President Taft today made a brief address at the commencement exercises of Trinity College for girls in this city, presided over by Mgr. Falconio, the papal delegate.

"I congratulate the young ladies of this graduation class," said the President, "upon their entry into life with so much in their favor as a thorough and a sound advanced education. Whether they are to become teachers, whether they are to be membrs of a profession, whether they are to be wives, in any capacity that they have to discharge, that which they have learned here will stand them in good stead. It used to be thought that the education of women ought not to be advanced because they were not able to stand it and that they did not have the capacity. We tried them with the boys and they distanced the boys.

"The nineteenth century has been as much distinguished for the progress made in the education of women as in any other one step in the progress of civilization.

"There are a good many things I would like to say with reference to what you are going to meet in life, but I forbear. I can only reiterate what I have already said, that you are to be profoundly congratulated on having advanced Christian education. You are beginning life with such advantages, but they impose upon you heavy responsibilities in improving society where you are to live and in leading it to the highest ideals. You have my earnest hope for your success in life and my confidence that it will attend you."

"From The Kiltie came the curvelets
That caused the Sailor whiffs.
From the Kilties came the bingles,
The swats; whacks; slugs; hits; biffs."
—Sailors' Chanty.

(Special Star Telegram.)

Fayetteville, N. C., June 1.—The Highlanders made it three straight from the Sailors, winning today's game 7 to 1 by hitting Howard for a total of 16 bases, while Boyle held his opponents to five hits, all of which were widely separated except Tyde man's clout to center and Doak's bounder to short which he beat out neatly, these coming in succession, but availing not as Dobson and O'Halloran's lightning double play retired the side.

Shumaker kept up his terrific batting, swatting for two singles, a double and a triple in four trips to the plate. In the present series, Shumaker has made nine hits in eleven times at bat, a percentage of .818.

Hyames played brilliantly at short, O'Halloran robbed Cooper of a hit by a fine one-hand catch.

The Highlanders started trouble in the first inning when Mullin fanned and reached first when Hudson dropped the ball and scored on Dobson's double to center. O'Halloran walked, stole second, and two runs were scored on Shumaker's first hit, Shumaker being thrown out at stretching. Galvin singled and was out in home trying to tally on Clancy's two-bagger.

In the third Donovan singled with two down and scored on Shumaker's triple.

In the fifth with two gone, O'Halloran hit, stole second and scored when Doak muffed Donovan's long fly, Donovan himself tallying on Shumaker's third hit.

In the seventh again with two out, Shumaker doubled and came home when Lavoice hit through Burke. In the eighth the Sailors as an encore to yesterday's applause, scored again and again met with cheers. After Carroll and Kaiser had gone out from infield, Hudson walked and Howard swatted to deep right for a three-bagger, this ended the run getting.

Summary—Bases on balls, Howard 2, Boyle 2; struck out, by Howard 4, by Boyle 4; two-base hits, Dobson, Clancy, Shumaker; three-base hits, Shumaker, and Howard; double plays, Dobson to O'Halloran to Dobson; time 1:50; umpire, Barre; attendance 300.

SQUALLS.

Ding—Dong—Bell!
The Crew has gone to—well
I know it has—for someone told me!
The blooming bunch do but amuse,
They can't tell balls from their own shoes,
This is a straight bill—ask any-bod-y!
Not sparkling yet!
Dismal ain't no name for it.

"The same old story, in the same old way" in the error line.

Rube was banged lively; but got a triple himself just to keep from feeling bad over the result.

In the expressive language of Noggy Noggles: "Let the wheels squeak." We've said sufficient.

They do say when Shumaker got through maltreating the ball it looked like a cross between a mushroom and a cream puff.

Wonder if being stabled for three days is all the discipline the Raleigh manager will get for his disgraceful conduct on the ball lot Tuesday?

An old shop-mate of Magnate Smith has suggested that he put the Sailors on a piece-work basis, allowing so much per walk, sacrifice, single, double, etc., and see how that arrangement would pan out.

The following is from the Fayetteville "Fandom Flings": "That's a nice lot of players who represent the big city on the river." Thanks, brother; at the same time we're a little sensitive about their doing something else besides being nice.

Hearken to this rondelay from the poetaster of the Wilson Times:
"Red Bird Meat is cheap and sweet,
The Sailors are up in the air;
We'll push the Railroaders off the track,
And trim the Giants' hair."

It won't be long now before he's out of tune.

We're not here to hawk advice, but here's a line gratis—If we don't get rid of some of the deadwood, and take on some new timber, we'll stay in the sub the rest of the race. Now if the powers that be don't get Solomonish and excavate the paraffine from their hearers and take a bit of counsel, why it's nobody's funeral but their own.

A little floral tribute from the "Fayetteville Observer" about Tydeman, says: "The hard hitting Tydeman was robbed in the opening of a hit that was good for extra bases, when the speedy fielder sprinted towards right and speared a fast flying liner with his uncovered hand," etc. Ty's the most consistent all-round baseballist on the local team today.

THREE STRAIGHTS FOR WILSON

Score Was Two to One and Manager Kelly Resigns From the Club—Brilliant Work by Pitchers—The Score.

(Special Star Telegram.)

Goldsboro, N. C., June 1.—Wilson took todays game from the Giants, making it three straights. Manager Kelly, of the local club, resigned his position. Both teams played gilt-edge ball throughout while the work of each pitcher was briliant.

The Tabulated Score.

JEFFRIES BOXING AGAIN.

Goes Eight Rounds With His Sparring Partners.

Ben Lomond, Cal., June 1.—Eight rounds of boxing, the first indulged in for more than a week by Jim Jeffries, marked today's work at the training camp.

The sparring followed a spin on the road and when Berger and Jeffries donned the gloves, the pace cut by the big fighter was faster than usual.

Berger came in for a good trouncing after Jeffries had warmed up with three rounds with Armstrong and three with Choynski. Jeffries and his manager roughed it in a good imitation of the real thing, and both came out of the bout bleeding. Berger stopped a body punch just before the final call of time, and his knees sagged from the force of it, although the gong saved him from collapsing. Armstrong got a split lip in the first bout of the day and also was saved by the time keeper.

DAVIDSON COMMENCEMENT.

In Full Swing at College Yesterday—Southern Improvements.

Charlotte, N. C., June 1.—This was commencement day proper at Davidson, and the crowds in attendance are the largest yet. At 10 o'clock, in graduating hall, seniors were presented with their diplomas. Messrs. J. B. White, D. A. Lynch and T. C. Tate, spoke for the medal offered by the college. The final reception in the literary societies this evening marks the closing of the commencement exercises.

The Southern Railway Company, after investigating and considering the matter for several months, has definitely decided to transfer the cotton compressed here from its present location to the old compress building at North Charlotte, use the compress building uptown for a freight depot and remodel the present freight depot, partition it and lease it to wholesale houses. More than $150,000 will be expended in changes and improvements.

STAR PITCHER SUSPENDED.

Action of President Fogel of Philadelphia Nationals.

Philadelphia, June 1.—George McQuillan, the star twirler of the Philadelphia National League baseball team was tonight fined $250 and indefinitely suspended by President Fogel of the local club. President Fogel stated that there is a clique in his team and that several other players will be punished unless they show improvement.

Chinese Nerve.

The most common form of putting a man to death in China is taking off the head by the sword, and the extraordinary nerve of the Chinese is shown in this way more than any other. I have seen two men beheaded, one placed before the other. It took three strokes of the sword to kill the first, and while the operation was going on the second knelt down with his neck outstretched waiting his turn. Thinking that the process was slow, he turned to the executioner and asked if he were going to be much longer with the first. Then, when the executioner came to him, he stretched his neck and waited for the blow, which completely severed his head from his body.

All Making the Best of It.

"Young Smiggins was so troubled about his debts that he joined a don't worry club."

"Yes?"

"And he found its membership made up chiefly of the men he owed."—Brooklyn Life.

FEATURELESS AT RALEIGH

Fine Work of Both Pitchers—Only Two Hits Allowed on Each Side. Runs Bunched in First Innings of Game.

(Special Star Telegram.)

Raleigh, N. C., June 1.—In a game devoid of features except for the work of the pitchers, Raleigh won from Rocky Mount this afternoon 2 to 1. The runs were bunched in the first, second and third innings and the remainder of the game was an even struggle with no special features.

He Beat the Baker.

His name was Johnny, and he was the idol of his mother's heart in spite of what the neighbors might say to his detriment.

"You'll get my bread today before returning to school, John," remarked his mother to the boy while he indulged in his midday meal.

"Yes, mother," answered he and shortly went forth to carry out his mother's wishes.

"A quartern of bread—yesterday's, please," murmured John sweetly as he tendered fivepence halfpenny in payment of the two loaves forthcoming.

"Bread has gone up, my boy, one halfpenny," remarked Mr. Dough as he held out his hand for the needful balance.

"When?" queried John thoughtfully as the prospect of a distasteful double journey flashed across his mind.

"This morning, my lad, if that is any consolation."

Johnny's face brightened visibly. "Yes, I think it is," he remarked spasmodically, "for it was yesterday's bread I ordered."

The baker concluded he had no claim.—London Telegraph.

The Candle Tree.

One of the wonders of the vegetable kingdom is undoubtedly the candle tree of Panama, known to botanists as Parmentiera cerifera. This tree produces from its stem and older branches a great profusion of yellowish, cylindrical, smooth fruits, twelve to eighteen inches long, which appear exactly like wax candles, as the botanical name implies. So close is this resemblance that travelers, seeing the tree for the first time, are liable to be temporarily puzzled as to whether the candles of shops are made in factories or grown on trees! The candle-like fruits are suspended from the branches and bare stem by short, slender stalks, dangling in the air, and readily give the impression of the chandler's shop. As night falls and the numerous fireflies move among the fruit this impression is intensified. The inexperienced traveler is not infrequently informed that the fireflies perform the duty of lighting up these "candles" at night when light is required by the denizens of the jungle—London Strand.

Saving His Wind.

A highland athletic gathering was in full swing, and considerable interest centered in the chances of a local competitor who had entered for several events and confidently expected to win at least one of them. His first attempt was in that hardest of races the quarter mile, and he was easily defeated.

"Donal', Donal', exclaimed a supporter reprovingly, "why did ye no rin faster?"

"Rin faster," echoed Donald contemptuously, "an' me reserving masel' for the bagpipe competition."

Down to a Fine Point.

A woman is never as old as the woman next door would like to have the other neighbors believe.

A woman is never as old as she has to believe herself.

A woman is never as old as the family Bible unfeelingly testifies.

A woman is never as old as she looks to her growing daughters.

A woman is never old, anyway, if she is wise.

A woman is always wise.
Therefore she is
Never, never
Old.—Boston Herald.

Seven Great Faiths.

The seven principal Bibles are the Koran of the Mohammedans, the Eddas of the Scandinavians, the Tripitikes of the Buddhists, the Five Kings of the Chinese, the three Vedas of the Hindoos, the Zendavesta and the Scriptures of the Christians.

NATIONAL LEAGUE.

Brooklyn, June 1.—Brooklyn made it five straight today by winning from Pitsburg, 2 to 1. Barger pitched a brilliant game, allowing only three hits. Leifield was batted hard. Hummell leading with a double and a triple and scoring both runs for the locals. The fielding of Daubert was sensational.

Pittsburg .. ..000 100 000—1 3 1
Brooklyn .. ..010 001 00*—2 7 1

Leifield and Gibson; Barger and Bergen. Time 1:20. Umpires Rigler and Emslie.

Boston, June 1.—Chicago won the opening game of its first Eastern trip today from Boston, 5 to 1. Overall was taken out in the ninth with two out and one on base, after the locals had scored once. Brown seemed easy for the visitors with men on bases.

Chicago .. ..100 002 110—5 8 2
Boston .. ..000 000 001—1 5 1

Overall, Richie and Kling; Brown, Ferguson and Graham. Time 1:43. Umpires Johnstone and Moran.

New York, June 1.—The New York Nationals today won their eighth straight game, defeating Cincinnati 5 to 2. Anderson, the visitors' first pitcher, was wild and was relieved by Rowan in the first inning, after he had forced in a run. Mathewson was practically invincible with men on bases.

Cincinnati .. ..001 100 000—2 4 1
New York.. .....201 020 00*—5 10 1

Anderson, Rowan, J. Doyle and McLean; Mathewson and Myers. Time 1:50. Umpires Klem and Kane.

Philadelphia, June 1.—Wretched pitching marked today's game here, which Philadelphia lost to St. Louis by 10 to 5. The home team's pitchers gave 15 passes and St. Louis twirlers eight. Huggins, who went to bat six times, received four passes and made two sacrifice hits while Phelps in five trips to the plate, made four singles and was hit by a pitched ball.

St. Louis .. ..000 112 006—10 12 1
Philadelphia .. .202 000 100— 5 6 1

Harmon, Carridon, Sallee and Phelps; McQuillen, Moren, Flaherity and Moran. Time 2:32. Umpires Brennan and O'Day.

GOTCH STILL THE CHAMPION

Defended His Title in Wrestling Match With Polish Champion Last Night—Two Consecutive Falls—Pole Was Outclassed.

Chicago, June 1.—Frank Gotch, of Humboldt, Iowa, tonight successfully defended his title as wrestling champion of the world by easily defeating Stanislaus Zbsyzko, the Poish champion, in straight falls at the Coliseum. Gotch outclassed his bulkier opponent in every department of the game, after winning the first fall in the phenomenal time of six and one quarter seconds. It was only a question of how long the Pole could hold out against the brilliant and varied attack of his more skilled rival.

The great crowd had not realized that the great match had started before Referee Dick Fleming slapped Gotch on the back and declared him the winner of the first fall. The hold which sent the Pole down was a bar arm and half Nelson.

The first fall was so short that there was little intermission before the men faced each other for the second time.

Warned by his sudden downfall, Zbyszko was more cautious and it took Gotch 27 minutes and 36 seconds to win the match with a bar arm and wrist lock.

At no time was Gotch in any danger and when the Pole would secure any advantage Gotch would quickly break his hold and jump to his feet. Gotch would forestall his opponent at every turn and it was worse than hopeless for the Pole to attempt to assume the aggressive.

The American champion at the conclusion of tonight's match was borne from the ring on the shoulders of a howling mob, while the defeated Pole with a look of pain on his face was barely able to stagger down the ladder from the raised square.

Referee Fleming said there was no doubt in his mind that the first fall was clean and decisive. A feeble protest was registered by Jack Herman, the Pole's manager, but he apparently realized that he had no grounds on which to base his protest.

An Encouraging Conversation.

"How's business?" I asked of the astronomical faker on Broadway.

"Looking up," he answered.

"Where's the big cop who used to be here?" I continued.

"Taking arrest," replied the faker.

"What do you do in the daytime before the stars come out?" I asked.

"Same as I do at night," he said.

"What's that?" I queried.

"The public," he replied.

"Well, goodby," I said. "I was going to ask you to have a glass of beer, but I see you're filled to the brim with tea, and beer doesn't go well with"—

"Me? Full of tea?" he queried.

"Yes—repartee," said I.

And that is why we no longer speak as we pass by.—Judge.

More Important Than Eyes.

The pretty young teacher was struggling to impart spelling book lore to a small Italian boy. "Chief" was the word under consideration. "C-h-e-f" spelled Tony laboriously. "Oh, now, Tony," she said, "you've left out one letter. Can't you think what it is?" Tony shook his shiny black head. "It's name is just the same as something you have," she went on, looking straight into his eyes. "I can see them looking at me this minute, right out of your head—two big brown ones." "Eyes!" shouted Tony triumphantly.—Delineator.

Woman's Preparation For the Street.

Nearly every man knows that it takes the average woman two hours to dress for the street, and they seem hurried at that, but few men know just why such preparations take so long. For the enlightenment of the latter is the explanation in boiled down form as given by an authoritative person:

Fitting on dress, forty minutes; buttoning same, ten minutes; arranging hair, twenty-five minutes; touching up face, fifteen minutes; setting hat, twenty minutes; mirror contemplation, ten minutes.—Judge.

S. S. S. DRIVES OUT BLOOD HUMORS

When we see persons with soft, smooth skins we know at once that their blood is pure and healthy, that the cuticle is being sufficiently and properly nourished by the circulation. But when the blood becomes infected with any unhealthy humor the effect is shown by eruptions, boils, pimples, or some more definitely marked skin disease such as Eczema, Acne, Tetter, etc. Humors get into the blood usually, because of a sluggish condition of those members whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter, left in the system, sours and ferments and is soon absorbed into the circulation, filling the blood with an irritating humor. Remove these humors and the skin disease can not exist, because its very cause is then destroyed. S. S. S. cures all humors of the blood because it is the greatest of all blood purifiers. It cleanses the blood of every particle of unhealthy matter, enriches the circulation and causes it to supply healthful nourishment to all skin tissues. Then the skin becomes soft and clear. Local applications can not cure, they can only soothe by temporarily reducing the in ammation, but the cause remains in the circulation and the eruption will be no nearer well when the external treatment is left off. The humors must be removed and nothing equals S. S. S. for this purpose. Pure blood makes healthy skins and S. S. S. makes pure blood. Book on Skin Diseases free to all who write and request it.

AFFAIRS AT STATE CAPITAL

Trustees of A. & M. College Increase Salaries—20 Automobile Owners —Brilliant Raleigh Wedding —Federal Court Argument.

(Special Star Correspondence.)

Raleigh, N. C., June 1.—The trustees of the A. & M. College held sessions during the commencement season just closed and among other things increased the salary of President D. H. Hill from $3,000 to $3,500 and the salaries of Prof. W. C. Riddick, vice president, Prof. F. L. Stevens and Prof. W. A. Withers from $2,250 to $2,500. The trustees also decided to put Prof. C. L. Newman, professor of agriculture, in charge of the farm and to provide a professor of soils to be selected later in the Summer.

Automobile owners all over North Carolina are being warned just now by Secretary of State Grimes that if their auto licenses are not renewed before June 3rd through the payment of renewal one dollar fees the licenses will be declared forfeited under the State law and the auto owner required to take out altogether new licenses with the payment of $5 fees.

The Lillington Investment Co., Lillington, is chartered with $2,500 capital authorized for real estate business, H. C. Stewart being one of the principal incorporators.

In Christ Episcopal Church this evening at 9 o'clock there took place one of the most interesting weddings socially that has occurred in Raleigh this season, the bride being Miss Gertrude Winston, daughter of ex-Judge and Mrs. R. W. Winston, and Mr. Frank Webb, of Durham, a well known cotton dealer there. The church was thronged with people, the stately old church, the handsomely gowned ladies and the brilliant ensemble of the bridal party presenting a scene rarely if ever rivaled for a Raligh marriage ceremony.

The marriage service was by Bishop Horner, of the Asheville Diocese, and Bishop Cheshire, of the Diocese of North Carolina, they being uncles respectively of the bridegroom and the bride. These distinguished divines were assisted by Rev. M. A. Barber, rector of the church. The bridal party included Miss Amy Winston, maid of honor; Misses Kathrine Horner, Oxford; Ellen Gibson, Concord; Lottie Sharp, Edenton; C. C. Capehart, Avoca; Rosa Green, Lila Wright, Durham; Mary Cooper, Oxford, Emmie Drewry, Josephine Boylan, Sarah Cheshire, Louise Wright, Raleigh; bridesmaids, and Dr. C. A. Shore, Francis Cox, Raleigh; J. H. Winston, Norfolk; A. W. Graham, Jr., Oxford; R. W. Winston, Jr., Raleigh; Thomas Worth, Will Minor, Kemp Lewis, Jno M. Rose, Capt. S. C. Chambers, Durham; H. C. Cooper, Annapolis; Cheshire Webb, W. A. Hart, Cox Webb, Winder Webb, Hillsboro; Theo. Webb, Tarboro.

The ceremony was followed by a reception at the home of Judge Winston on Blount street that was a fitting climax for the brilliant wedding. Mr. and Mrs. Webb will spend some time traveling before making their home in Durham.

In the Federal court today Judge Connor heard counsel on the demurrer of the American Tobacco Co. in the case of The Ware-Kramer Tobacco Co. for $1,200,000, the contention of the defendant being that the complaint as now constituted does not constitute a cause of action. The charge is trust methods of breaking down the cigarette manufacturing business. Part of the complaint held to be evidentiary has already been stricken from the case by order of the judge. Counsel in the case are F. A. Daniels, Goldsboro; C. C. Daniels, Wilson and N. T. Green, Norfolk, for the plaintiff, and Junius Parker, New York; Aycock & Winston, Raleigh, and F. L. Fuller, Durham.

TRACTION PROPERTY SOLD.

Fayetteville Street Railway Bid in by J. Sprunt Newton.

(Special Star Telegram.)

Fayetteville, N. C., June 1.—At the second commissioner's sale of the Consolidated Power and Street Railway Company, of Fayetteville, today the franchise and all property whatever was bought by J. Sprunt Newton and associates, of Fayetteville, for $65,500. Henry T. Deshat, of Philadelphia, representing the bondholders, bid $65,000. Each of the bidding parties deposited a $6,000 certified check before bidding. Mr. Newton and associates say they will greatly improve the property.

J. Hicks Bunting Drug Co. Successful.

After a great deal of effort and correspondence J. Hicks Bunting Drug Co., the popular druggists, have succeeded in getting the Dr. Howard Co. to make a special half-price introductory offer on the regular fifty cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles that J. Hicks Bunting Drug Co. are willing to return the price paid in every case where it does not give relief.

So great is the demand for this specific that J. Hicks Bunting Drug Co. has been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon them at once.

CONSTABLE SHOT.

Mysterious Shooting From Ambush of Edgecombe County Officer.

(Special Star Correspondence.)

Rocky Mount, N. C., June 1.—With no reason whatever known by the person who was shot, and with no clue as to who did the shooting, former township constable, Red. D. Bullock, lies in a serious condition at his home near this city in Edgecombe as the result of a gunshot fired at him from the dark last night. The injured man received the load in his stomach and the entire charge of bird shot went into his intestines and have inflicted a wound that may cost him his life.

Last night shortly before 11 o'clock, so Mr. Bullock states, he was startled by hearing some missile strike the house with force, and he thought that it was a brick. He went to the front door to inquire the trouble, and as he opened the door, and was standing in the light, he was fired on from the dark with a shotgun. He was hurt to the extent that he could not offer pursuit, while there was no one else in the house. The place of the shooting is near the Planters' Cotton Oil Co., on the outskirts of the city, in the southeastern part. Mr. Bullock's home is located near the Hargrove place and it is not over 100 yards from the line of incorporation of the city.

After having recovered sufficiently from the hurt to ask for help, the injured man went to the home of a neighbor nearby and told what had happened and a physician was sent for. The physicians after a thorough examination, decided that to probe for all of the shot would leave his stomach in a worse condition than it now is on account of the vast amount of cutting necessary to get them out, as the load was scattered as it struck him.

RIVERS AND HARBORS SAFE.

Bill Passed and North Carolina Appropriations Remain in It.

(Special to News and Observer.)

Washington, D. C., May 31.—Both the North Carolina Senators voted today for the Brown amendment to the railway bill to prohibit common carriers from acquiring stock in competing railroads. The Senate Democrats were badly divided on this proposition, nine voting for the amendment along with the insurgent Republicans, while eight of the minority Senators voted with the regulars in opposition.

Tomorrow the LaFollette amendment providing for the physical valuation of railroads will come up in the Senate for a vote. Both Senators Simmons and Overman are for the amendment, and it is believed that it will receive the support of most Democrats. Senator Simmons offered today a substitute amendment for the physical valuation of railways, which he will call up only in the event of the defeat of the LaFollette amendment. If the amendment of the Wisconsin Senator can be adopted, he will not present to the Senate the amendment he has prepared as a substitute.

The conferees on the river and harbor bill reached an agreement this afternoon. None of the North Carolina items were disturbed in conference, which means that the State will get more than twice as much as it has ever received before for its river and harbor interests. The most important item is one of $615,000 for the completion of the Upper Cape Fear project obtained for the State as the result of Senator Simmons' membership on the important commerce committee, after the house had voted to give only ten thousand dollars for the work.

The Senate confirmed today the nomination of J. S. Basnight to be postmaster at New Bern and also the nomination of James S. Parrott to be postmaster at Kinston. National Committeeman E. C. Duncan is here, but he offered no opposition to the confirmation of Basnight's appointment, despite the fact that he was backed by Congressman Morehead and Tom Settle in his capacity as attorney.

VERIFY IT

The Proof Is In Wilmington Almost at Your Door.

The public statement of a Wilmington citizen is in itself strong proof for Wilmington people, but confirmation strengthens the evidence.

Here is a Wilmington citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and now states the cure was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

R. A. Biddle, 606 Castle St., Wilmington, N. C., says: "About four years ago I used Doan's Kidney Pills for kidney trouble and they did me so much good that I gave a testimonial for publication, recommending them. I have had no occasion to take this remedy since then, as the cure has been permanent. I am willing that my testimonial be published again. I have recommended Doan's Kidney Pills a great many times and know of several people who have been greatly benefited by them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Take in That Newbern Excursion Monday, June 6th, Will be the Excursion of the Year.

The first excursion of the year to Newbern will be run over the Atlantic Coast Line by Thomas H. Knight, whose excursions are always a delightful treat. Don't let this opportunity to go to historic Newbern go by, but get in line and be counted among the happy throng of those who know a good thing, and enjoy a day of genuine pleasure among people whose hospitality is proverbial.

Train will leave Union Station at 7:30 A. M. and will leave Newbern on the return at 10:00 P. M.

The fare is so small that no one need miss it—only $1.50 for the round trip.

It will be a hard matter to find a better trip, especially when the cost is considered. ma 27-9t.

Tomorrow Night at Lumina.

Drill by Charlotte Drum Corps. Don't miss it. Dancing. * *

GAIN IN CHURCH GROWTH.

Greater Than Increase in Population According to Church Census.

Washington, May 30.—Church growth in the United States has been greater than the increase in population between the years 1900 and 1906, according to the special census report on the census of religious bodies for 1906, now in press. In the principal cities of the country, the growth both in the number of religious organizations and communities was greater in the years mentioned than the increase in population, while in the area outside the principal cities the rate of increase in the number of new churches established was approximately the same as the rate of population increase, although in the number of communicants the increase in the outside area, as in the cities, was in excess of that population.

Out of every 1,000 people in the 160 principal cities of the country, that is, those which had a population of more than 25,000 there were 469 church members, while for the area outside these cities, there were 363; and for the entire country there were 391. As compared with 1890, the report shows a gain of 90 communicants in each 1,000 of population for the principal cities and a gain of 51 outside of them.

Female members in 1906 out-numbered the male members by 32 per cent. in continental United States, while in the principal cities the excess of female members was proportionately less, being 960,526, or 23.5 per cent.

A WIDOW'S SUFFERINGS

Mrs. L. R. Lowe Writes of Her Sufferings and Tells How She Finally Obtained Relief.

Tabor, Okla.—"I am a widow, with five small children to care for," writes Mrs. L. R. Lowe of this place, "and I was taken down so bad that for three whole months I was unable to get out of my bed. Life was hardly worth living. I felt like my back would come to pieces.

Nothing I tried did me any good, until I took Cardui. I began to feel a change right away, and was soon doing my work every day. Words can't praise your medicine too highly. It has saved my life."

Dark despair often assails women who suffer continually from the diseases that afflict their sex. After trying doctors and medicines in vain, they feel like giving up.

Better try Cardui, for it has relieved and cured thousands, when all else had failed. Cardui is a perfectly harmless, gentle remedy, with no dangerous after-effects whatever, therefore good for young and old.

As a woman's tonic, there is nothing in the drug store like it.

As a medicinal remedy, for women's ills, it has no equal.

Try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Doctors Agree

that much of the illness of children can be traced directly to unsanitary refrigerators, and many cases of typhoid fever can also be traced to an ill smelling, foul, zinc-lined ice box.

A good refrigerater is the best "health insurance" you can have, as it safeguards the health of your family and keeps your food clean, fresh and pure.

McCray Refrigerators

are endorsed by physicians, hygienists, and sanitary experts, and are not only **better** than ordinary refrigerators, but are much more economical as they require only one-half as much ice as an ordinary refrigerator. They are so perfectly insulated that they are as nearly as possible cold and heat proof, and therefore have an active circulation of absolutely **dry**, cold, pure air with the minimum amount of ice.

Let Us Tell You Why

McCray Refrigerators are superior. Come in and see them for yourself, and let us give you the names of some of the people who are using McCray Refrigerators. Then call some of them up on the 'phone and ask them if they are satisfied with the McCray. Don't take our word—ask someone who is actually **using** a McCray.

N. Jacobi Hardware Co.

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection
WICK BLUE FLAME
Oil Cook-stove

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cook-Stove will do anything, from heating a kettle of water to cooking a course dinner, but it won't heat a room. It doesn't "smell," it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed —and nowhere else. With this stove your kitchen is cool.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

Standard Oil Company
(Incorporated)

The Real Attraction

Is not the man in the window, but the hundreds of useful articles of Furniture on our floors. Our stock is by far the most complete, the largest, the newest in the city. As usual, our prices are much lower. All are cordially invited to walk through and be convinced.

CHAPMAN MANOR AND MOUNTAIN HOUSE:

Both houses built of stone; highest point on the Western Maryland Railroad; two hours from Baltimore; open all the year. Address John W. Welch, as above, or at the "Newell" 9 B St., N. W., Washington, D. C. Newly furnished; superior table, comfortable and homelike; under same management.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY (Inc.)
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

The MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Thursday, June 2nd, 1910.

One trouble about a lie is that there are plenty of people who believe all they hear.

Even if you do get to be a President you are liable to have trouble with your travelling expenses.

It is said that President Taft continues to smile. What an inveterate and confirmed optimist!

Scientists now tell us that the head of Halley's comet is split. It must have butted into a sky scraper or a family row.

The man who has been stealing the roof of Philadelphia churches must be a high flyer. This may be his first step towards making a landing in the United States Senate.

The New York World says a half dozen young women of that city have established a terrapin farm on Long Island. It they get rich at it a lot of lobsters will be around proposing marriage.

The Hon. Tom Watson, of Georgia, an Augusta dispatch announces, has returned to the Democratic party. This is another way of saying that an erring genius has returned to his proper senses.

After the Ballinger investigation committee reports, President Taft will keep on smiling at the idea that the regulars on the committee recognized the fact that they were put on it to hold down the lid for the good of the party.

"Why are there so many controversies among hem?" inquires a propounder of "politico-socio-ethnological" questions. Well, because many men realize that it is absolutely necessary to dispute the facts in the case.

A clean candidate and a clean man have very few things to explain. Too many explanations handicap a man in the confidence of others. Don't do things that call for explanations. You might have to make an explanation that won't explain.

Some United States Senators are so unpopular that men will actually perjure themselves and make affidavit that they are bribe-takers in order to down a highminded statesman. Senator Lorimer will have a hard time in his effort to make many people believe that.

Col. Roosevelt still refuses to comment on the Taft administration while he is in Europe. The administration needs no comment. It needs some of that advice that Roosevelt is throwing away on the European rulers who are attending to their own business and are too polite to resent foreign interference.

After the census takers make their report, over ambitious cities will get mad and want to count their population by home talent. There is a growing lack of confidence in Uncle Sam's arithmetic. The fact is Uncle Sam is a blockhead in the same proportion as his servants are blockheads. In the abstract Uncle Sam is all right but in the concrete he is a mess.

We have refrained from expressing an opinion of Aviator Hamilton who crawfished out of a contract with the Charlotte Chronicle and the Charlotte Observer, which entered into a deal with him to do some flying at the Queen City. We decline to turn our gatling gun on a gnatific (right reserved) individual who does not consider his word as good as his bond. He got all the humiliation coming to him when the newspaper representatives biffed the bushleaguer in the presence of a lady spectator.

SADDLE THE RESPONSIBILITY.

Senator Lorimer, who is acused of having bought his election to the United States Senate in Illinois, stands for Aldrichism, Cannonism and all the worst features of radical Republicanism. He had a hard fight for a seat in the United States Senate owing to the Republican factional fight which was carried into the Illinois Legislature and it seems that ultimately his election was brought about by a certain number of Democratic votes secured by the Lorimer faction from among the Democratic members of the Illinois General Assembly. Some of the Democrats voted for Lorimer simply because he was not the machine candidate, while it seems that others participated in a division of long green.

Since we see that machine Republicans and anti-machine Republicans are practicaly the same in their principles, methods and practices, and have nothing in common with Democratic principles or ideas of reform, about the best thing Democrats can do is to stick to their own candidates and let the Republicans settle their own factional fights among themselves.

Republicans have little choice between the selection of men whom they send to the Senate, for all kinds go there to represent special interests, so Democrats should be careful how they take a hand and throw their vote to the election of a Republican of any kind, unless they are absolutely positive that the Republican they vote for is the better man of the two and is really worthy of Democratic support against a man known to be currupt and not having fitness or qualifications for a seat in the United States Senate.

The regular machine candidate for the Senate in Illinois certainly could not have been any worse than Lorimer, according to the disclosures which are being made concerning the bribery of members of the Legislature in order to secure his election. There is really not much choice between Republicans and generally it would be a pretty safe plan for Democratc to let the Republican majority and minority factions fight their battles among themselves and make their wn selection as between two bad eggs. Then if a mistake is made like that which appears to have been made in the election of Lorimer, the Republican party is alone to be blamed. Ordinarily, Democrats should stick to their own candidate and thus steer clear of responsibility for senatorial abortions.

A certain amount of blame attaches to Democrats for sending Lorimer to the United States Senate, and no doubt some very honest Democrats voted for him in order to defeat his machine opponent. In fact the Democratic support which Lorimer got helpd to make a mess of it. As to the Democrats who have confessed that they accepted bribe money from the Lorimer faction, nothing better could be expected of that class of men. A Democratic bribe-taker is no better than a Republican who sells his support for money. A Democratic curruptionists is the same kind of skunk as a Republican corruptionist. Democratic and Republican scoundrels are twin brothers, and it appears that the Republican party is not satisfied with its monopoly on that line but is buying up what few the Democratic party has lying around loose.

BLINDED TO THE SITUATION.

A man who quits the Democratic party to join the Republican party probably has shut his eyes to the reason why the insurgent Republicans cannot stand for their own party. Their action furnishes strong proof why a man should quit their party but the new recruit to the Republican party will have to be a past-master at explanation to produce a good reason why he should abandon the party of the people to join the party of the Special Interests.

At no time in its history has the Republican party so clearly demonstrated the fact that it is controlled by forces directly opposed to the interests of the people of the Republic. The people demanded a reduction of the tariff burdens, but a Republican Administration and Congress failed to redeem its pledges and stuck to the interests which furnish the campaign fund to keep their party in power for their further benefit.

If nothing else indicated that a change in the Government at Washington is needed in the interest of the people, the manner in which the public domain in Alaska and the Philippines is permitted to be exploited should be sufficient to make the people rise en masse to put a stop to the carnival of profligacy if not of robbery.

The man who departs from the Democratic faith in the hour of the country's greatest peril must certainly be blind to the facts or else he does not care how far the debauchery of the Government goes.

Cincinnati's Boss Cox who has been in bad odor is insisting on Nick Longworth for United States Senator. This means that he knows how to get reinstated.

"Harmony lectures" seem to be popular. Chastisement beats lectures to secure harmony in political circles as well as at the fireside.

WHAT HAS HARMON DONE?

In the election two years ago, Ohio and Indiana elected Democratic Governors—Harmon in Ohio and Marshall in Indiana. Their unexpected election and subsequent patriotic service in behalf of good government has made them a menace to Republicanism.

Both these Democratic Governors have become Presidential possibilities, but the Republican party appears to have the greater fear of Harmon. Harmon was in Cleveland's cabinet and his recognized ability, his rugged honesty and his statesmanship make his re-election as Governor dangerous to Republican chances in Ohio. Some time ago, the Harmon menace was fully recognized at Washington and President Taft knew that something must be done to destroy him. The President thereupon took the Hon. Wade H. Ellis out of the Attorney General's office at Washington and sent him to Ohio to manage Ohio Republican affairs and make a fight on Harmon.

The Ellis campaign has been going on several months, and the Democratic Governor and prospective President is being tried in the crucible. He is showing up well under partisan fire and determined attack, and evidently the aim is to make it appear that he has done nothing to entitle him to the Democratic nomination for President. The Ellis crowd is doing that in order to prevent the danger of his nomination for President in 1910. He measures up well in honesty and patriotism, so he cannot be attacked along that line. However, the aim is to belittle his public service in order to detract from his Presidential possibilities.

Ellis has established a press bureau and is sending out plate matter and correspondence to all papers in Ohio, making a persistent and systematic attack on Harmon in order to weaken his influence and minimize the possibility of his renomination either for Governor or of his nomination for the Presidency. The newspapers are calling the Ellis plate articles "boiler plate," and this is the way it is received by the Cleveland Plaindealer, an independent and fearless newspaper:

"'What has Harmon done?' asks the Wade Ellis press bureau in the first instalment of 'boiler plate.' To answer with a brief, imperfect summary:

"Mr. Harmon has put a probe into the State institutions. One former State official is in the penitentiary as a result; others have been sued for restitution of public funds.

"He has urged much progressive legislation and seen a considerable part of his recommendations enacted.

"He has been fearless in his use of the veto and the whole State benefits thereby.

"He has been fair to all interests and partial to none.

"He has refused to deal in small politics and with petty politicians of both parties.

"He has clarified the atmosphere of the State capital and placed a premium on honesty and efficiency in public office.

"He has put the Governorship upon a new plane of dignity and importance.

"He has attracted the attention of the entire nation as an executive—fearless, aggressive and efficient; a Governor who governs.

"He has made necessary the presence of Wade Ellis in Ohio by so conducting his office that the party long dominant in the State became panic-stricken.

"He has done other things beneficial to Ohio upon which the voters of Ohio will be ready to pass judgment in November.

"Let the catechism proceed."

In view of the possibility that Governor Harmon may be the Presidential nominee of the Democratic party two years from now, the above is also a matter of interest here. It is good so far, and if Harmon carries Ohio again this fall, he will be pretty apt to be the National standard bearer of the Democratic party in 1912. Great interest, therefore, attaches to the fight in Ohio.

PASS THE JOKE ALONG.

On Tuesday Col. Roosevelt was formally presented with the freedom of the great city of London. He immediately mistook his freedom for license and ran amuck with talk which stirred the staid Britishers to the sensation limit. The Colonel availed himself of the opportunity of letting them draw upon his great storehouse of information and profit by his enormous acquisition of statesmanship. n fact, the Colonel told the Brit sh how to handle the Egyptian question.

No doubt the good natured British laughed at the idea of taking advice from an American high brow who left home upon the charge that he created the panic in 1907 and that the prodiious wisdom which he pretends to have utterly failed to settle the trust question, the railroad problem or any other question in his own country. The biggest difficulty which the Taft administration is now up against was left over from a Roosevelt administration that lasted eight years. Probably the English folks know how to take a joke.

"Should a woman have a man's pay?" inquires a woman writer in a magazine. How are you going to keep her from getting it?

Anything that is worth selling is worth advertising.

WILMINGTON'S PROGRESS.

The Clyde Steamship Company has added another steamer to its line between New York and Wilmington. The increase of shipping made it necessary. The Seaboard Air Line has appointed Mr. F. A. Fetter to the position of commercial agent and will establish an up-town office in Wilmington. The growth of the city called for this convenience and the railroad people recognized it. Keep on Watching Wilmington's progress.

The high cost of living even affects the man who doesn't mind what it would cost if he could live down his reputation.

A chemist says: "White is white and black is black." He talks like he studied platitudes in the same class with Col. Rosevelt.

A man who can tell how to do everything will get mad as soon as ninetynine people out of a hundred disagree with him.

CURRENT COMMENT.

How far is it to Wrightsville Beach? Oh, not far; only about a week.—Greensboro News.

When you hear a politician advocating the nomination of a business man for Congress you can put it down that he lives in a doubtful district.—Durham Herald.

Judge Cooke at Kinston imposed heavy fines for liquor selling. Some judges impose fines which amount to a moderately priced license to sell the stuff.—Greensboro Telegram.

Most North Carolina papers will "go to the devil" next week while the editors are doing Wrightsville and the press convention. And in not a few instances the devil and shop boys will give the readers a better paper than if the editors were at home.—Greenville reflector.

The chances are that that republican convention knew that Mr. McNinch would not decline when it was offered to him. It is seldom that a man has a thing of this kind put up to him without knowing something about it before hand.—Durham Herald.

Mark the prediction, gentlemen, the trio of editors in this Piedmont section who have been very much in the limelight by reason of their knowledge along certain lines will not be the only pebbles on—we almost said down on—the beach when the folks assemble at Wrightsville next week.—Salisbury Post.

Winston-Salem has jumped on a cripple by raising the near-beer tax from $500 to $1,000. But the persecuted dealer may take comfort. Mississippi has just declared that the commodity can of right be offered for sale within its bounds, while the tax at Lucama in Wilson county still remains $100.—Charlotte Observer.

Our old friend, "pernicious political activity," is again causing uneasiness, this time among the postoffice officials in Asheville. It's funny how disagreeable two civil service investigators can make themselves, when actuated by suspicions of that particular mental attitude on the part of those on Uncle Sam's pay-roll.—Charlotte Observer.

The editors of North Carolina will be given a glorious time at Wilmington next week, a series of entertainments having been provided and no stone will be left unturned to make the moments enjoyable. Having been the recipient of Wilmington's splendid hospitality on more than one occasion we are looking forward with pleasureable anticipation.—Wilson Times.

"A New York shop window is displaying a pair of fine lact stockings marked 'hand made' and priced at $100," says the Wilmington Star. "If there is much demand for such as that it will be a great temptation for the wooden nutmeg manufacturers of Connecticut to immediately put up a hand-made stocking factory." Wouldn't be a bit surprised. That's the home of the Smith Manufacturing Company and also produced Barnum, be it remembered.—Jacksonville Times-Union.

The cost of aeroplane flying as compared with automobile or train travel is shown by the fact that Curtiss used just seven gallons of gasoline, worth about $1.40 at retail, to travel the 75 miles from Albany to his landing place near Poughkeepsie. This comes to less than 2 cents a mile, which is what the New York Central's rates figure. But Curtiss carried baggage, including himself, weighing 1,000 pounds, and the railroad would have charged extra for his over-weight. By automobile the cost would vary, according to the type of machine used. But with a machine able to make 60 miles an hour, as Curtiss did, the cost a mile would not be less than 2 cents and probably more.—New York World.

When the late Gov. Johnson, of Minnesota was in the flesh Mr. Bryan held him in high regard, tempered only by a gnawing fear that he might have some plutocratic friends. Gov. Harmon, of Ohio, is now conspicuous enough to merit and receive the same distinguished attention. Mr. Bryan looks with favor upon this great Democrat also, but he entertains a sickening doubt of his courage. One of these days the painful discovery will be made at Lincoln, Neb., that Mayor Gaynor, although a great and good man, has his faults. Any other gentleman of Jeffersonian tendencies who chances to be elected to high office will be likely also to fall a few inches short of the Bryan standard. In this fashion are the hopes of Democracy blighted as they bloom. The eagle eye of the Western kill-joy is upon them. Like Death the reaper, he cuts them down; like the gravedigger, he gathers them in.—New York World.

There is every reason to believe that the progress which has been witnessed during recent years in Wilmington will mark the coming years of that city's history. When the 30-foot channel to the sea is completed, Wilmington will enter upon a new era of growth. Here is a city, indeed, which reflects the spirit of aggressiveness evidenced on all hands in this State. Attention to Wilmington's growth is called by the following facts recently made public: "The city has an annual commerce of $75,000,000; an export increase of more than 300 per cent. in eight years; an export business in cotton of $32,000,000 annually; the largest firm of individual exporters in the world; had increase of imports of 900 per cent. in eight years; saving banks deposits of $4,000,000; bank resources of $14,000,000, an increase of 12 per cent. within the year; annual postoffice receipts of $101,000, an increase of 152 per cent. within the past five years; climate, both Summer and Winter, unsurpassed anywhere; had an increase of population of more than 50 per cent. within five years; one of the most efficient paid fire departments in the South, reducing insurance to a minimum; an annual pay roll of railway and steamship lines, not including officers' salaries, of $1,000,000; five lines of railway and four regular steamship lines." Shortly the editors of the State will have occasion to see the evidences of thrift recounted above. Wilmington is all right, and we learn of her prosperity with pride.—Charlotte News.

HOW TO CURE RHEUMATISM.

It Is an Internal Disease and Requires an Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments will not cure, affords only temporary relief at best, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the system, regulates the liver and kidneys and makes you feel well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In Tablet form at 25c and 50c a package. Get a bottle today. Booklet free if you write to Bobbitt Chemical Co, Baltimore, Md.
For Sale by R. R. Bellamy.

TRAVELLERS ARE ARRIVING

Advance Guard of U. C. T. Came in Yesterday—Many Expected Today—Request Made of Citizens.

Mr. Louis M. Schiff, Past Grand Councilor, and a former Grand Secretary of the Grand Council of the Carolinas, United Commercial Travelers, arrived yesterday morning to confer with local committees with reference to the plans for the several fancy exhibition drills to be given by the Charlotte Drum Corps, of which Mr. Schiff is the director. Mr. Schiff stated that Charlotte will send down a delegation of at least 100 for the Grand Council meeting.

Mr. Lynn H. Burnett, secretary and treasurer of Cape Fear Council. No. 374, and Mr. David Ray, prominent member of the local council and Grand Sentinel of the Grand Council, are busy this week arranging the details for the great gathering of the travelers. They are satisfied, from the reports received, that the attendance will be the largest in the history of the organization. Several hundred traveling men and members of their families and friends are expected to arrive today and tonight, while others will come in on the early trains tomorrow.

The committee asks that the attention of the superintendent of streets be called to the importance of giving the principal streets of the city a thorough cleaning today. The visitors will begin to arrive in great numbers this afternoon and it is earnestly desired that the city present such an appearance as to make a favorable impression and nothing would tend more toward this than clean streets.

All local traveling men are not only invited but are expected to take part in the Grand Street Parade Saturday morning, whether they are members of the organization or not. The committees in charge have given it out that because a local traveling man happens not to be affiliated with the organization is no reason for his remaining apart from the visitors, but he is expected to show just as much interest and try just as hard to make the stay of the visitors pleasant as if he was a moving spirit in U. C. T.

The Tidewater Power Company has very generously consented to keep the Tungsten arch lights burning tonight and tomorrow night until after the arrival of the late trains.

The first meeting will be held in the Academy of Music tomorrow morning at 9:30 o'clock at which the visitors will be formally welcomed by Herbert McClammy, Esq., city attorney. The response will be made by Mr. Chas. H. Jones, of Columbia, S. C., supervisor of agents for South Carolina of the Fidelity Mutual Life Insurance Company. The people generally are cordially invited to attend this session which will not last more than an hour. Just after the meeting the visiting and local salesmen will assemble on the City Hall steps and will have their "beauty struck" by the photographer. On Saturday a photograph of the entire party on the river excursion will be taken at Fort Caswell.

There will be three bands for the Council meeting—The Charlotte Drum Corps, Metz's Band, of Charleston, S. C., and the Fort Caswell Band. The bands will turnish music at the ball game Friday afternoon, and will probably play between each dance at Lumina Friday and Saturday nights.

Mr. Schiff announced yesterday that the Charlotte Drum Corps would give a fancy exhibition drill at corner of Front and Market streets at 11 o'clock Friday morning and another at League Park in the afternoon.

MRS. RUTH BALLINGER DEAD.

Passed Away Suddenly Yesterday Morning—Funeral Today.

Many relatives and friends were shocked and saddened yesterday when it became known that Mrs. Ruth F. Ballinger, widow of the late Alexander Ballinger, and daughter of Mr. S. W. Holden, with whom she resided, had passed away suddenly during the night at her home, No. 211 North Fourth street. Mrs. Ballinger had been a sufferer of rheumatism for some weeks, but was apparently in her usual health when she retired Tuesday night. When he started out to his work at 6:30 o'clock yesterday morning Mr. Holden rapped on his daughter's door, as is his custom, and it was then that it was discovered that Mrs. Ballinger had passed away to the great beyond. She died some time during the night alone in her room. Her loved ones and friends were deeply grieved to learn of her sudden and altogether unexpected death and the sympathy of the entire community goes out to the bereaved. Mrs. Ballinger was 46 years old and is survived by her father, two brothers, Messrs. A. S. and H. K. Holden, two daughters, Misses Mary A. and Sallie K. Ballinger, of Wilmington, and one son, Mr. Samuel B. Ballinger, of Savannah, Ga. She was a consistent member of the First Baptist Church and was a most estimable woman. The funeral services will be held from the late residence at 4 o'clock this afternoon, conducted by Rev. Dr. J. H. Foster, pastor of the First Baptist Church, and the interment will be in Bellevue cemetery.

A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c. at Robert R. Bellamy's.

SUPERIOR COURT YESTERDAY

Case of Sloan & Sweeney Against Etta Hart, et al, Now Being Heard —Will Reach the Jury This Morning.

Superior Court was engaged all yesterday with the trial of the case of Sloan & Sweeney against Etta Hart, et al., which has been on the docket for several years and which is now being heard for the second time, having been to the Supreme Court once. The action is for damages for the alleged failure of the agent of the defendants to give the plaintiff possession of a South Front street store, alleged to have been leased by the agent to the plaintiffs. The point to be settled now is whether the plaintiffs were damaged by reason of the failure to get the store and by having to secure another building.

It is alleged that Mr. James Owen Reilly, the well known insurance and real estate agent, as agent for the defendants in this action leased to Sloan & Sweeney in 1906 the store room occupied by Josh Simon, on South Front street, but was unable to turn over the building, the occupant paying the increased rent and refusing to vacate. The case was first heard a year or more ago and a verdict returned in favor of the plaintiffs, the defendants taking an appeal to the Supreme Court, which granted a new trial as to certain phases of the action. As stated above the question now to be determined is whether or not the plaintiffs were damaged by failure to get possession of the store, and, if so, how much.

The examination of witnesses for the plaintiffs was concluded at the morning session and at the afternoon session several witnesses were examined for the defendants. At 4:15 P M. argumnt of counsel began, Iredell Meares, Esq., of counsel for the plaintiffs, speaking first, being followed by Hon. John D. Bellamy and ex-Judge E. K. Bryan for the defendants. When court reconvenes this morning Robt. Ruark, Esq., of counsel for the plaintiffs, will make his argument, after which Judge Cooke will deliver his charge to the jury.

The following compose the jury: W. H. Shaw, M. F. Sellers, W. M. Godwin, L. D. Bradshaw, W. L. Moore, R. C. Fergus, M Marshburn, E S. Bannerman, H. F. Farrow, H. Henry Haar, Jas. A. Lewis and A. M. Hall.

The next case on the calendar is that of Susan M. Gregg, administratrix, against the City of Wilmington and James F. Woolvin, but it was not known yesterday whether or not the case would be taken up today. Next on the calendar is the case of J. A. Burriss against the City of Wilmington.

STATE CONVENTION, JR. A. O. M.

Local Central Committee Meets and Appoints Sub-Committees.

A largely attended and enthusiastic meeting of the central committees, appointed by the two local councils, Junior Order United American Mechanics, to arrange for the State convention to be held here in August, was held last night with Chairman Wm. E. Springer presiding and Secretary B. Frank Brittain at his post. The central committee is composed of the following: Mr. W. E. Springer, chairman; Mr. S. P. Cowan, treasurer; Mr. B. Frank Brittain, secretary; Messrs. W. E. Yopp, E. C. Woodbury, H. F. Farrow, O. E. Merritt, N. J. Williams, John M. Enos, B. D. Hamilton, H. W. Howell, most of whom were present at the meeting last night.

Sub-committees to have charge of the detail arrangements for the entertainment of the visitors were appointed as follows:

Finances—H. W. Howell, B. D. Hamilton, W. E. Yopp and B. Frank Brittain.

Hotel and Hall—E C. Woodbury, H. F. Farrow, Marsden Bellamy and John M. Enos.

Reception—R. L. Weaver, O. E. Merritt, C. M. Branch, J. H. Williams, D. M. Beardsley, D. F. Kline, Henry Horne, Add. Hewlett, John M. Enos, B. D. Hamilton, J. L. Anderson, W. L. Moore, J. H. Curtis, M. J. Hines and W. B. Register

Advertising and Badges—John E. Wood and B. D. Hamilton.

Transportation—John H. Beery and W. C. Rourk.

Mr. Springer is ex officio chairman of all the committees. The central committee will name additional subcommittees at a later meeting. Plans for the entertainment of the visitors were discussed in a general way and it is proposed to give the visitors the time of their lives. The attendance promises to be the largest in years, reports indicating that there will be large delegations here from every part of the State. Another meeting of the central committee will be held within a few weeks to hear reports from the sub-committees.

WILL ERECT NEW BUILDING.

Evening Dispatch to Build Modern Home on Second Street.

A permit was issued yesterday from the office of Building Inspector H. E. Bonitz to Mr. R. P. McClammy, proprietotor of The Evening Dispatch, to erect a handsome two-story, tin roof, brick building on property owned by him on the east side of Second, between Market and Princess streets, to be used as the home of the paper. The estimated cost is $5,000, and the building will be modern in every respect. The contract for the work has been let to Mr. W. J. Reaves and it is understood that the building will be pushed to rapid completion.

A permit was recently granted to L. Clayton Grant, Esq., to erect a six-room house on Ninth, between Princess and Market streets; estimated cost, $1,700; F. M. Simmons contractor.

Kept The King at Home.

"For the past year we have kept the King of all laxatives—Dr. King's New Life Pills—in our home and they have proved a blessing to all our family," writes Paul Mathulka, of Buffalo, N. Y. Easy, but sure remedy for all Stomach, Liver and Kidney troubles. Only 25c. at Robert R. Bellamy's.

Tomorrow Night at Lumina.

NAVIGATION AND PILOTAGE

Branch of Capt. J. J. Adkins Renewed After Extended Hearing—Resignation of Commissioner Guthrie. Much Regretted—Other Notes.

The regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held yesterday with the following present, namely; Chairman James Sprunt, Commissioners J. W. Harper, M. C. Guthrie and Richard Dosher, and Clerk L. Brown McKoy. Minutes of the meeting of May 2nd and May 16th were approved.

The first thing taken up by the Commissioners was the application of Pilot J. J. Adkins for a renewal of his branch. The matter was investigated thoroughly by the board, who heard Captain Adkins, in his own behalf, also Pilot M. T. Craig, who protested against the renewal, and his attorneys, Messrs. Cranmer & Davis and C. Ed. Taylor, Esq.

Finally, upon motion of Commissioner Harper, seconded by Commissioner Dosher, the board ordered the Clerk to issue to pilot Adkins a renewal of his branch, effective until the first day of May 1911, at noon, it having appeared to the Board, after hearing the attorneys representing Pilot M. T. Craig (protesting against the renewal of the license of Pilot Adkins,) and after referring to the records of the clerk, and hearing the testimony of the Commissioners, that Pilot Adkins had neither refused nor failed to perform the duties of pilot during the preceding two years; but on the contrary, in accordance with an agreement or understanding with the Commissioners, he had reported himself regularly to the Chairman of the Board, in accordance with its requirements, and had been constantly under the jurisdiction of the Board, as mutually understood and agreed. Moreover, the Board was fully assured that Pilot Adkins is thoroughly competent to discharge the duties of pilot for the Cape Fear River and Bars.

The Clerk was also instructed to grant to Pilot Adkins, a leave of absence of ninety days from date, subject to recall at any moment.

In view of the long time consumed in the hearing of Pilot Adkins' case, the clerk was instructed to hold over, until the next regular meeting of the Board, the application of W. T. Haskett, R. W. Davis, S. F. Craig and T. G. Burriss.

Monthly soundings report was received and ordered filed, the figures, showing depth in feet at high water, being as folows, and the report being dated May 23, 1910.

From sea buoy to buoy No. 1 least 25 greatest 29.

From buoy No. 1 to buoy No. 3, least 26 1-2, greatest 31.

From buoy No. 3 to buoy No. 2, least 29, greatest 30.

From buoy No. 2 to buoy No. 4, least 26, greatest 30.

From buoy No. 4 to buoy No. 4 1-2, least 26, greatest 31.

In this connection, upon motion of Commissioner Harper, seconded by Commissioner Dosher, the clerk was instructed to request the pilots to use more care in the performance of their duty while sounding the river and bar, by making themselves more familiar with the changing conditions of the currents and channel and with the dredging, as some laxity with reference to this matter has been observed recently.

Bill of Messrs. Rountree & Carr for legal services in the case of Morse vs. Heide, was presented to the Board, their fee being $100.00, which the clerk was instructed to pay.

Commissioner M. C. Guthrie presented his resignation as a member of the Board, as follows:

Southport, N. C., June 1, 1910.
The Board Commissioners Navigation & Pilotage, Wilmington, N. C.

Gentlemen: Anticipating taking office under the State Government, at an early date, and as the laws of North Carolina prohibit my holding two offices, I am compelled, with much regret, to tender this, my resignation as a Commissioner of Navigation and Pilotage for the Cape Fear River and Bars.

In thus severing the cordial relations that have, for more than three years existed, I cannot refrain from expressing my hearty appreciation of the marked courtesy and consideration shown me, at all times, by the Chairman, and every member of the Board.

With assurances of my continued interest in all that relates to the welfare of the Port, and with sentiments of my highest personal regard for every member of the Board, I am,

Very respectfully yours,
(signed) M. C. GUTHRIE.

Commissioner Guthrie's resignation was received with great reluctance and resolutions of high appreciation were passed, with reference to his most active and faithful services as a member of the Board for more than three years past.

The election of a successor to Mr. Guthrie was postponed until the next regular meeting.

The Chairman said, with reference to Commissioner Guthrie's retirement, that his loss to the Board, after three years of faithful and efficient service, would be keenly felt in its deliberations, but the personal loss to him was irreparable. Under all circumstances Commissioner Guthrie had been found faithful to his public trust, sacrificing personal interests to patriotic duty, weighing well—with a judicial mind, free from prejudice—the perplexing questions appertaining to his office, and deciding, without fear or favor, to the best of his admirable abilities, for the good of the service and for the best interests of the port.

A committee, consisting of Commissioner Harper and Commissioner Dosher, was appointed by the Chairman to draft suitable resolutions with respect to Mr. Guthrie's resignation.

The quarterly report of the Harbor Master was received and ordered filed.

HONOR ROLL AT HEMENWAY

Students in Various Grades of Grammar School Who Have Achieved Distinction During the Past Scholastic Year.

The honor roll of the various students of the several grades at Hemenway school was announced yesterday by Superintendent Blair and is as follows:

Fourth Grade—Miss Eva F. Farmer, teacher; Irene Price, Lillias Quelch, Minnie Louise Perdew, Emelie Bissinger, Johanna Rehder, Georgia Berger, Margaret Beery, Carrie McInnes, Gretchen Khranke, Emma Allen, Florence Scott, Mary Huey, Lucile Burkheimer, Lila Koonce, Elizabeta Tate, Virginia Farmer, Fannie Grainger, Marie Morrison, Calvert Hall, Hardy Jacobs, William Farmer, Richard Thigpen, Milton Land, Kenneth Marshall.

Fourth Grade—Miss Loder, teacher; William Powell, Ernest Benson, Chas. Spencer, Montrose Hinnant, Robert Lee Wright, Vivian McEachern, Marie Keels, Pearl Orrell, Katie Clements.

Fourth Grade—Miss Sue Boon, teacher; Lizzie Allen, Ida May Collins, Gladys Johnston, Gladys Page, Margaret Wright, Helen Weathers, Mamie Porter, Wash Bannerman, Alexander Futch, Harry Lowenstein, Harry Tucker, Chas. Cavenaugh.

Fifth Grade—Miss Mary A. Bernard, teacher: Marion Allen, Elise Bissinger, Emma Bowden, Catherine Damon, Viola East, Thelma Gilyaw, Louise Gieschen, Bessie Hardwicke, Margaret Heyer, Fannie Johnson, Charlotte Keene, Christine McDougall, Margaret Otten, Lidie Penton, Vritas Sanders, Alma Benton, Eugenia Hardemann, Margaret Snyder, Margaret Schulken, Henry Britt, Marion Keith, Harris Newmann.

Fifth Grade—Miss Cantwell, teacher: Frank Johnston, Adrian Rourk, Clayton Westbrook, Annie May Lowenstein, Katie Moore, Bessie Morris, Rose Orrell.

Sixth Grade—Miss Hankins, teacher: Dorothea Quelch, Vernell Huband, Ethel Allen, Flora Boney, Addie Bailey, Mamie Fennell, Louise Lanier, Pearl Alderman, Gladys Price, Mary Cavenaugh, Alberta Creasy, Dorothy Cheek, Lucile Page, Henrietta Lewis, Aubrey Morse, Kenneth Partin.

Seventh Grade—Miss Yates, teacher: Mary Clemmons, Annie Davis, Lida Davis, Mary Lathrop, Mary Claire Peterson, Alice Schulken, Christine Schulken, Eunice Tucker, Catherine Turrentine, Chas. Hazelhurst, Alex. Walker.

Eighth Grade—Misses Jones and Wood teachers: Genevieve Dushan, Louise Walker, Aliene Bounds, Margaret George, Alice Fechtig Ida Horowitz, Bryana Whitlock, Marie Causley, Agatha Tyndall.

MR. McGEACHY RETURNS.

Pleased With Meeting of Southern Secretaries—Elected an Officer.

Mr. J. A. McGeachy, secretary of the Chamber of Commerce, returned yesterday from New Orleans where he attended the annual meeting of the Southern Commercial Secretaries' Association, as the first representative ever present from this State. He received the honor of being chosen vice president of the organization from North Carolina.

Fifty secretaries from Southern cities were in attendance and the meeting was interesting and profitable. Mr. McGeachy responded to a toast at the annual banquet of the association and reviewed in a brief manner the work of the Wilmington Chamber of Commerce. His talk was pleasing and he was heartily cheered. The Association incidentally endorsed New Orleans as the logical place for the World's Panama Exposition, which will be held in 1915 at the completion of the Panama Canal. Mr. McGeachy was on the resolution committee. Besides attending the meeting of secretaries, Mr. McGeachy visited the chambers of commerce at Atlanta, Birmingham and Savannah. He was a guest of Secretary Babb while in Birmingham and visited the mammoth steel works of the U. S. Steel Corporation at Ensley, Ala.

The new ideas gained by the secretaries through the various speeches on topics dealing with the scope of the work were especially helpful and the meeting was altogether a splendid success. North Carolina is now included in the Association, which covers every Southern State. Memphis was chosen as the next place of meeting.

Moonlight on the River.

A moonlight excursion will be given this evening under the auspices of the Ladies' Aid Society of Dock Street Christian church. The trip will be made down the river on the steamer Wilmington and the public is invited. The boat will leave Market street dock at 8 o'clock. A number of entertaining features have been arranged by the Society for those who go.

A Dreadful Wound

GREAT MUSICAL CONCERT

Opening Event of Festival Was Enjoyed by a Rather Small, but Appreciative Audience—Artistic Success.

The first concert of the Music Festival under the auspices of The Choral Society of Wilmington, was given in the Academy of Music last night and was an artistic success in every respect. The audience was comparatively small and those who were not present certainly missed a rare musical treat. From an artistic standpoint the first concert was a greater success than the most enthusiastic promoters dared predict and those capable of appreciating the best in music were profuse in their praise of the soloist of the evening, Mrs. Horace R. Dowell, of Raleigh, and the excellent orchestra, under the direction of Prof. John F. Kneisel, who demonstrated conclusively his musical and artistic abilities.

Tonight there will be a short programme by the Festival Orchestra, but the main feature will be the rendition of "The Rose Maiden" by the Festival Chorus and it is expected that every seat in the auditorium will be taken. If the music-loving public of Wilmington care for high-class music, rendered by talented and trained musicians, they should not miss the opportunity of attending the second and final concert of the festival tonight. The Choral Society has arranged for the Festival at no little expense and it is hoped that the people, by their presence at the concert tonight, will show their appreciation and give encouragement to still greater accomplishment next season. The Festival chorus consists of 70-odd well trained voices and the solo parts will be taken by Mrs. Horace R. Dowell, of Raleigh, soprano; Mrs. Joseph D. Edwards, contralto; Mr. Joseph B. Fenley, tenor; Mr. Harry R. Bates, the last named three being of Wilmington, and have well merited reputations as singers. The chorus will be conducted by Mr. Edward H. Munson, one of the most talented and experienced musicians in the State, and his work is of an exceptionally high order.

The programme last night was principally by the Festival Orchestra, but opportunity was afforded for the music lovers to hear the superb voice of Mrs. Horace R. Dowell, of Raleigh, the charming soprano of wide reputation. An especially attractive programme of good contrast was arranged by Mr. Kneisel, the conductor of the Festival Orchestra. Each number proved to be a gem, beginning with a superb military march by Sir Edward Elgar and continuing with selections by MacDowell, Massenet, Tschaikowsky and Strauss. The ensemble was excellent, proving each performer to be an artist. The audience was so insistent in its demands that the dreamy and effective Berceuse (Godard) and the stately Intermezzo (Mascagni) were given as encore numbers.

Mr. Kneisel was efficient as a conductor. He had the orchestra under perfect control, conducting with an ease and gracefulness that displayed qualities of an artist of the first rank.

In response to numerous requests, Signor Quintelli, the harpist, displayed rare temperament and fine technique in his interpolated solo. After a spontaneous burst of applause he again delighted the audience with another selection.

The members of the orchestra: First violin, Raphael Groff, Eugene Crouzet and Romeo Girard; viola, Constans Piton; 'cellor, Felix Muetze; bass, Theodore Rueger; oboe, Clarence A. Morse; flute, Antonio Punaro; clarinet, Rheinard Pruefer; cornet, Frank B. Schirch; trombones, first, John Goell; second, R. H. Morriss; horns, first, Wm. H. Pierce; second, Mark Leach; harp, Angelo Trafficanti; drum and tynpani, Frank Peifer; bass drum and symbals, Harry Brandon.

Mrs. Dowell Captivates.

Mrs. Horace R. Dowell, of Raleigh, who is a favorite throughout the State, was the soloist for the evening. Possessing an attractive personality, and a clear soprano voice of fine compass, much power and sweetness, she sang her way into the hearts of the cultured audience. Her first number, the Aria, Plus grand dans son obscurite," from Gounod's opera, "The Queen of Sheba", is broad, heavy and dramatic in style, tinged with oriental melody and color. In her rendition of this composition it was difficult to decide which merited the greater praise, the superb art or the glorious voice. Her interpretation of the Aria was thrilling and sublime. She responded to an encore, singing with exquisite coquetry and lightness, "Chrysanthemum" (Mary Turner Salter). To this she was compelled to add "My Laddie" by Thayer, and in delightful cadences succeeded in giving the real Scotch lilt.

Mrs. Dowell's second number on the programme was a group of songs by Salter Love's Epitome, "Since I First Met Thee," In the Garden", "She is Mine", "Dear Hand, Close Held in Mine", "Requiem". The several selections gave her an opportunity to display her capacity to depict various emotions—the group going through the gamut of emotions, from passionate love to the mournfulness of death. After the singing of this group she again, graciously responded by singing Karrie Jacobs Bond's Lullaby, with a tenderness that brought tears to the eyes of her sympathetic audience.

To Mrs. Alfred M. Waddell was entrusted by The Choral Society the important and difficult part of accompaniment. In such capable hands the assignment was an added treat, her accompaniments blending delightfully with the tones of the voice.

In every way the opening concert was an artistic success and the regret is that the audience was not larger. It is hoped that the music lovers will turn out en masse tonight.

FOUGHT ON MEMORIAL DAY.

Negroes Had Lively Time Near Wrightsville Monday Night.

As a result of a lively scrap at Macomber's, near Wrightsville Sound, Monday night, when several of the negroes participating in the celebration of National Memorial Day, endeavored to see how much bodily harm they could do one another, Ike Barfield, colored, was arrested yesterday by Constable Savage on two warrants—one charging assault with deadly weapon upon Sidney Bennerman, colored, and the other being a peace warrant. It is alleged that Barfield drew a pistol on Bennerman and also threatened his life. Earlier in the day Bennerman was arrested by Constable Savage on a warrant charging him with assault with deadly weapon upon Barfield, alleged to have taken place Monday night. It is claimed that Bannerman used a beer bottle on Barfield's head. Several witnesses, it is understood, will testify that there was a general row among a number of negroes Monday night and that more than one beer bottle was shattered.

Both negroes gave bond for their appearance at trial before Justice Harriss Friday afternoon at 4 o'clock and have retained counsel.

BEACH EXCHANGE.

Office Will be Opened This Morning—Enlarged Service.

The telephone office at Wrightsville Beach will be opened this morning for the Summer season. Both day and night service will be furnished and there is every indication that the number of subscribers connected with the exchange will be greater than heretofore. All those desiring to have telephones installed, and who have not already done so, may call at the office of the Southern Bell Telephone & Telegraph Company and sign a contract.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, Etc.

Mr. and Mrs. L. Southerland, of Vista, N. C., are in the city on a short visit.

* * *

Mrs. Fred Woodward, of Durham, is spending some time in Wilmington on a visit to Mr. and Mrs. B. S. Mills.

* * *

Miss Mary Croswell has gone to Chapel Hill to attend the commencement exercises of the University of North Carolina.

* * *

Miss Antoinette Black, student of the State Normal College, Greensboro, has returned to her home at Winter Park to spend her summer vacation.

* * *

Miss Nonie Carrington, of Durham, is visiting friends in the city. She was one of the attendants at the marriage of Miss Bessie Sears and Mr. Louis Orrell yesterday.

* * *

Mrs. Horace R. Dowell, of Raleigh, the charming soloist for the Music Festival, is the guest of her friends, Mr. and Mrs. A. S. Holden, 406 North Front street.

* * *

Hon. Thomas W. Bickett, Attorney General of North Carolina, who is to deliver the address to the graduating class of the Wilmington High School tomorrow night, will arrive in the city this afternoon and will be a guest at The Orton.

* * *

A largely attended and important meeting of the governing board of the Cape Fear Golf Club was held at noon yesterday in the office of Mr. H. deW. Rapalje, in the Southern building. The board discussed the matter of sending a delegate to the annual tournament of the Southern Golf Association to be held in Atlanta, Ga., next week, beginning on Tuesday, and it was unanimously decided that the club should be represented. Mr. R. H. Gwaltney was elected as the delegate. The club will probably send a team to Greenville, S. C., for the annual tournament of the Carolina Association to be held June 16th and 17th, but final action on this will be taken later.

PRETTY HOME WEDDING YESTERDAY AFTERNOON.

One of the prettiest home weddings of the season and one of much interest to many friends here and elsewhere was celebrated at 4:45 o'clock yesterday afternoon at the home of Mr. and Mrs. Frank Andrews, 819 Princess street, when their charming and accomplished daughter, Miss Lillian Kirby, became the bride of Mr. William Archibad McGirt, one of Wilmington's well known and most popular young men. The ceremony was witnessed by only members of the families and intimate friends of the couple. Rev. Thos A. Smoot, pastor of Grace Methodist Church, brother-in-law of the groom, performed the beautiful and impressive ceremony according to the service of the Methodist Church.

The Andrews home was most beautifully and artistically decorated, the color scheme of white and green being most admirably carried out. The groom was attended by his best man, Mr. W. B. Muse, and the bride had as her maid of honor, her sister, Miss Nina A. Andrews, who was becomingly attired. The bride was lovely in her beautiful wedding costume. Miss Carrie May VonGlahn played the wedding marches.

From 5 to 6 o'clock a reception was tendered the bridal party and it proved a brilliant and elaborate event. Several hundred friends of the couple called during the hours of the reception and to the bride and groom extended their heartiest felicitations. The popularity of the couple was attested in a large measure by the many beautiful and costly presents which were tastefully displayed.

Mr. and Mrs. McGirt left on the 7 o'clock northbound train for points in the North and upon their return will be at home at No. 213 Grace street. The bride is a young lady of great beauty and many accomplishments and is greatly admired by a wide circle of friends. The groom is a popular young business man whose friends are innumerable and has a very bright business future. Many friends extend to Mr. and Mrs. McGirt their congratulations and best wishes for a long and happy life of wedded bliss.

* * *

A PRETTY MARRIAGE AT ST. JOHN'S CHURCH.

The marriage last evening at 6 o'clock of Miss Bessie Virginia Sears, the attractive daughter of Mrs. W. T. Sears, and Mr. Louis Brenneck Orrell, solemnized in St. John's Episcopal church, was one of the prettiest and most interesting of the early Summer weddings to their large concourse of friends and acquaintances in Wilmington and elsewhere.

It was a pink and white wedding and the color scheme was carried out in an artistic manner. Every detail of the church decoration conformed, and with the beautiful arrangement of carnations, palms and other flowers made an interesting and unusually pretty wedding scene.

The beautiful ring ceremony was used and Rev. W. E. Cox, the rector, officiated. The attendants were as follows: Misses Nonie Carrington, of Durham, and Miss Ray Sneed, of this city, bridesmaids, who wore lovely costumes of messaline and carried exquisite bouquets of Killarney roses; Miss Lillie Sears, sister of the bride, maid of honor, who was also gowned in pink messaline and carried a shower bouquet of ferns. The ribbon children were little Miss Augusta Martin and Lloyd Sears, the latter a nephew of the bride.

The bride wore a very handsome creation of white satin, hand embroidered, and her bouquet was of bride's roses and Lallies of the Valley.

The ushers, in conventional evening dress, were Messrs. Milton Gore, Neal Morse, Tom Wood, Clinton Smith, Mark Turner and Norwood Orrell.

The bride was accompanied by her brother, Mr. Frank T. Sears, who gave her away. Mr. Tom Orrell, brother of the groom, acted as best man. The wedding was impressive and beautiful and a large gathering of friends and admirers witnessed the nuptial event.

The young bride has a host of admirers in Wilmington and elsewhere and the marriage announcement will be of much interest. The groom is the son of Mrs. Robert C. Orrell and is a popular young business man. He holds a responsible position with the Murchison National Bank. They received the congratulations of hundreds of friends.

The bride and groom had planned an interesting bridal tour, but on account of the illness of the bride's mother, will not leave until later in the Summer. They will make their home at the beach for the present.

Among the out-of-town guests were Miss Nonie Carrington, of Durham; Mrs. W. R. Sears, grandmother of the bride, of Wallaceville; Mr. and Mrs. G. T. Thaggard, of Lake Waccamaw; Mr. and Mrs. Wilson, of Warsaw; Mrs. Fred Woodward, of Durham, and Mrs. Agnes Council, of Council's Station.

A reception was given by the mother of the bride at her home No. 517 North Third street, on Tuesday evening to the bridal party and this was a most pleasing and delightful affair. An interesting incident of the evening was the cutting of the wedding cake. Mr. Norwood Orrell secured the piece with the thimble; Miss Mary Belle Sneed, the coin, and Miss Carrington, the ring. The evening was most delightfully spent.

HOOKWORM CONFERENCE.

Assistant Secretary of Rockefeller Hookworm Commission Here.

Dr. John A. Ferrell, of Raleigh, assist secretary of the Rockefeller Hookworm Commission, spent yesterday and last night in the city on professional business and in conference with local physicians relative to arranging for a section on hookworm at the annual meeting of the North Carolina Medical Society at Wrightsville Beach June 21st to 23rd. Dr. Ferrell was a guest at The Orton and leaves this morning for his home in Raleigh. It is understood that the hookworm conference will be one of the features of the forthcoming meeting of the medical society.

OCEAN WAVES.

Curious Facts About the Irregularities of the Tides.

To the ordinary landsman tides along the coast are most puzzling. He has been taught that the tides rise and fall twice in the twenty-four hours and that this depends in some mysterious way upon the moon. But when it occurs that in his travels he sees a spot along the shore where there is no tide at all he is at a loss to explain the phenomenon.

To be exact, there is only one ocean in the world where the tides follow the moon with absolute regularity. This is the great Antarctic basin, and the reason is that there and there only is to be found a sweep of water entirely uninterrupted by land. The enormous wave raised by the moon's attraction courses round the world south of Cape Horn and the Cape of Good Hope with absolutely nothing to break it. In the northern hemisphere great masses of land interrupt the tidal waves and, combined with the shallowness of inland seas, cause them to perform antics that seem most strange.

The depth of water has much to do with tidal irregularities. Out in the open ocean, when the tide is abyssmal—that is, about 5,000 fathoms—the speed of the waves is amazing. Where the depth decreases to five fathoms the tide travels at a comparatively slow rate. In England, for example, which is surrounded by narrow, land broken seas, the result is that the Britons get some of the most terrible and dangerous tidal races and currents.

The most formidable is the whirlpool between the island of Jura and Scarba, on the west coast of Scotland. This is known as the "Caldron of the Spotted Seas." Here is a race running at a speed to be matched only by a mountain torrent. The force of a heavy tidal current pushing up a wide mouthed river causes what is termed a "bore." The most striking example of this tidal feature is seen on the Amazon, a moving wall of water thirty feet high and reaching from bank to bank rushing inland from the ocean.—New York Tribune.

It Was Mistaken Charity.

The athletic girl had been out in the woods taking pictures, and at evening she started for the car, wearily lugging the camera and tripod. The cars were thronged with workmen returning to their homes, and she had to wait some time before there came one with even standing room inside. She pushed her way across the platform and just inside the doorway. The legs of the tripod rested on the floor at her side, and she was trying to brace herself against the door when a woman who had been sitting in the corner suddenly rose from her seat and gently but firmly pushed the young woman into it, with the remark, "Now you sit right there, you poor thing!"

The girl remained seated passively and looked puzzled for a moment. Then a dull flush covered her face. "How awful!" she thought. "That woman saw the tripod legs and thought they were crutches. She thinks I'm lame." Then she shrank back in the seat and tried not to show her face.—Exchange.

Too Near the Throne.

In the seventies of the last century the artist, Anton von Werner, was appointed to perpetuate the German imperial proclamation. He first made a sketch to submit to the old Emperor William. In this the various personages were grouped in the same order as during the ceremony at Versailles, William I, standing on a raised platform, with Bismarck at his left on a lower step and on his right the crown prince, whom the artist had represented with one foot on the upper level. The emperor examined the sketch and at once noted the position of the Crown Prince Frederick. He frowned, took his pencil and made a thick, rapid stroke through his son's right leg. "Not yet," said he.

How to Win a Prize.

In cake baking. Success is sure if you use Blue Ribbon Lemon and Vanilla Extracts for flavoring.

LOCAL DOTS.

—Friends of Mr. and Mrs. C. N. Daniels will regret to learn of the illness of their daughter, Mary Dennen, at their home No. 410 South Fourth street.

—The management of the Bijou has an excellent Biograph subject to offer its patrons today. "Up a Tree" is the title of the picture and the story is cleverly told by motion picture.

—By deed filed for record yesterday Thomas H. Wright transfers to George A. Peterson, for $100 and other considerations, lot on northwest corner of Third and Cowan streets, 33x66 feet in size.

—Charged with temporary larceny of an automobile, Herbert Harris, colored, was arrested late yesterday afternoon by Constable Savage. The negro was lodged in jail in default of bond. The hearing will take place before Justice Harriss this morning.

—Nora Nixon, colored, was arrested by Constable Savage at 12:30 o'clock this morning on a warrant charging her with assault with a beer bottle on Ella Eagles, colored, at a dance at Masonboro Sound Monday night. She was committed to jail in default of bond to await hearing before Justice Harriss at 4 o'clock this afternoon.

—Alderman W. L. West was among the few Aldermen who voted, at the meeting Tuesday night, to modify the near-beer ordinance so as to permit bona-fide restaurants, hotels and boarding houses holding near-beer licenses to keep their places open at all hours, provided the near-beer departments are closed during the hours mentioned in the ordinance.

—Mr. Herbert McCartney, a well known young plumber, was seriously burned about the face and arms early yesterday afternoon while doing some work at the home of Mrs. John Haar, on South Fourth street. He was on the top of a ladder, 15 feet from the ground, and had with him a tinners' furnace when in some manner his clothing caught fire. Last night he was removed to the James Walker Memorial Hospital, where it was stated at 1:30 o'clock this morning that he was resting comfortably.

PERSONAL PARAGRAPHS.

—Mr. R. E. Batts, of Ashton, N. C., spent yesterday in Wilmington.

—The News and Observer of the 1st says: "Mr. R. W. Hicks, Jr., of Wilmington, was here yesterday."

—Mr. R. S. Newton, clerk of the Superior Court of Brunswick county, spent yesterday in the city.

—Mr. C. H. Jones, who will respond to the address of welcome at the convention of the United Commercial Travelers in this city tomorrow, will be the guest while in Wilmington, of his parents, Mr. and Mrs. J. W. Jones, No. 515 Market street.

—Architect H. E. Bonitz returned yesterday morning from Goldsboro where he had been for several days on business. Mr. Bonitz is the supervising architect for the new hospital to be erected in Goldsboro and which will cost $20,000 instead of $15,000 as at first planned.

DEATH OF MR. SAM C. POTTS.

Well Known Citizen of Lake Waccamaw Passed Away Last Night.

The numerous friends of Mr. Sam C. Potts, of Lake Waccamaw, will be pained to learn of his sudden death at his home last night. A telephone message to that effect was received by The Star at a late hour, but few particulars could be learned.

Mr. Potts, some months ago, suffered a stroke of paralysis, but he was up all yesterday and there was no premonition of the end when he retired at his usual bedtime last night. About 10:30 o'clock Mrs. Potts was awakened by his struggles and she found him unconscious and breathing his last. In a few minutes he had passed away.

Mr. Potts was an old resident of Lake Waccamaw and had numerous friends in Wilmington and throughout North Carolina. His death will cause sincere sorrow and deep sympathy will be felt for the bereaved family. Mr. Potts leaves a widow and three children, Messrs. Sam C. Potts, Jr., Mr. J. S. Potts and Miss Lassie Potts.

WILLISTON GRADED SCHOOL.

Commencement Exercises Held Last Night—Fine Programme.

The commencement exercises of Williston graded school, Seventh and Ann streets, Prof. H. Greene, principal, were held last night in the auditorium of the school building, which was filled to overflowing with colored people—friends and patrons of the school. A very interesting programme was rendered by the older pupils of the school, consisting of vocal and instrumental music, recitations, essays, etc. Mr. John J. Blair, superintendent of the city schools, was present and after the exercises presented the certificates. The exercises of the primary class were held yesterday morning from 10 to 12 o'clock and were also very largely attended. Williston school is doing a great work among the colored people of the city and the past year has been a most successful one in every respect.

MR. SMOOT LEAVES TODAY.

Will Sail Saturday Morning From New York for Scotland.

Rev. Thomas A. Smoot, the able and popular pastor of Grace Methodist Church, who has been granted a leave of absence by his congregation, will leave this morning for New York City, whence he will sail Monday on the steamer "Caledonia" for Glasgow, Scotland, and from there will go to Edinburgh, where he will attend as a delegate the World's Laymen's convention. Mr. Smoot is one of the 18 official delegates from the Methodist Church, South. His many friends in Wilmington wish for him a pleasant trip and a safe return home. During his absence the pulpit of Grace Church will be filled by Rev. J. C. Wootten, professor of Biblical Literature in Trinity College.

THINK OF

Mexican Mustang Liniment

AND WHAT IT MEANS TO YOU.

Relief from pain that might otherwise cause you hours of agony.

Tired out muscles eased up and made ready for another day's work.

Lameness in the back and shoulders promptly cured and stiff joints limbered up.

Burns, Scalds, Cuts and Mashes rendered painless and quickly healed.

Rheumatism, Lumbago and Sciatica robbed of their anguish and banished forever.

Ulcers, Old Sores and Open Wounds healed promptly and permanently.

The first application of Mexican Mustang Liniment subdues the pain but it continues its work until every quivering nerve is soothed and quieted.

The great penetrating power of this famous remedy enables it to do this quickly and positively.

In all cases of Sprains, Bruises or Lameness, Mexican Mustang Liniment should be rubbed in persistently.

The antiseptic qualities of this old reliable household remedy make it safe and sure.

Prices 25c., 50c., $1.00 per bottle. For sale by all Druggists. LYON MFG. CO. 41 to 45 So. 5th St., BROOKLYN, N.Y.

LIST TAKERS BEGIN WORK.

Unusually Large Number Listed Their Property in City Yesterday.

The tax-listers in every county and township in the State began their work yesterday morning and will be found at their respective places until June 30th. Mr. T. O. Bunting is the list-taker for Wilmington township and his office is in the basement of the Court House. He has only one assistant this week, Mr. H. K. Nash, but next week his clerical force will be increased. Between 60 and 70 persons listed yesterday which is an unusually large number for the first day. Mr. Bunting announced that for the next two weeks his hours would be as follows: From 9 A. M. to 1 P. M. and from 2:30 to 5 P. M. Hours for the last two weeks will be as follows: From 9 A. M. to 1:30 P. M. and 2:30 to 5 P. M. and on Saturdays will be open until 6 P. M. The list-takers for the other townships in the county are: Masonboro, Henry Horne; Harnett, Garritt Walker; Cape Fear, J. Herbert Johnson; Federal Point, Henry Taylor.

TRIAL BEGAN YESTERDAY.

Civil Action Against Tidewater Power Co. Being Investigated.

Before Justice George Harriss yesterday afternoon was begun the trial of five civil actions brought against the Tidewater Power Company by Messrs. C. C. Lore, L. K. Murray, G. D. Norris, S. W. Wescott and R. P. Stringfield, former employes of the company. The cases are brought under the master and servant act and are for $50 each, or an aggregate of $250. The plaintiffs allege that they were employed by the company as conductors and motormen and promised work until September 1st, but on Monday were dismissed without any reason being given. A month's wages is what each is suing for. Thos. D. Meares, Jr., Esq., appears for the plaintiffs, while Marsden Bellamy, Esq., represents the defendant company. After hearing a number of witnesses adjournment was taken until 9 o'clock this morning.

BELLEVUE CEMETERY.

Annual Meeting of the Lot Owners Held Last Night.

The annual meeting of the lot owners of Bellevue cemetery was held last night in the office of the secretary, Mr. W. E. Yopp, on Princess street with a large attendance. The reports of the officers showed the financial affairs of the cemetery in good condition. The lot owners elected the following as directors: Messrs. G. W. Linder, G. W. Borneman, S. G. Hall, J. C. Davis, John A. Everett, J. O. Brown and Frank L. Porter. Immediately after the meeting of the lot owners the directors held a meeting and elected the following officers: President, H. A. DeCover; vice-president, G. W. Borneman; secretary and treasurer, W. E. Yopp; superintendent, J. H. King.

AN IMPORTANT MEETING.

Chamber of Commerce to Discuss Questions This Afternoon.

A special meeting of the Chamber of Commerce to which as many of the business men as possible are most cordially invited, will be held this afternoon at 4 o'clock for the purpose of making some recommendations to our Congressmen and Senators upon the Scott bill now pending with reference to cotton futures and for considering several other matters of legislation now before the National lawmaking body. A full attendance is desired as the meeting will be one of the most important to the business community held in several months.

A BEAUTIFUL COMPLEXION
—IN TEN DAYS—

Nadinola Cream

The supreme beauty requisite, is endorsed by thousands. Nadinola banishes tan, sallowness, freckles, pimples, liver-spots and other facial discolorations. Worst case in 20 days. Rids the pores and tissues of all impurities, leaves the skin clear, soft and healthy.

Directions and Guarantee in each package. 50c. and $1.00 by high class Toilet Counters or Mail.
Prepared by NATIONAL TOILET CO., Paris, Tenn

A Social at Trinity.

An entertainment will be given this evening at Trinity M. E. Church for the benefit of the Methodist orphanage at Raleigh and a pleasing and interesting programme of music and recitations have been arranged. The public is invited and each visitor is requested to bring a package for a barrel, which will be packed by the "Juniors" and sent to the orphanage. The proceeds will go toward the fund for the much-needed laundry at the orphanage.

MONEY.

Deposited with the People's Savings Bank today and tomorrow will bear interest from June 1st. 2t.

The Open Door

SCIENTIFIC NEW DISCOVERIES.

By the electro-magnetic telegraph an operator can exactly locate a fracture in a submarine cable nearly 3000 miles long. A few fossils sent to an expert geologist enable him to accurately determine the rock formation from which they are taken. This he can describe as perfectly as if the rocky formation was before him on the table.

So, also, in medical science. Disease has certain unmistakable signs or symptoms. By reason of this fact the physicians and specialists connected with Dr. Pierce's Invalids' Hotel and Surgical Institute at Buffalo, are enabled to accurately determine the nature of many chronic diseases without seeing and personally examining their patients. In recognizing disease without a personal examination of the patient, they do not claim to possess miraculous powers. They obtain their knowledge of the patient's disease by practical and well-established principles of modern science. Certain diseases display certain peculiar traits. Subjected to scientific analysis they furnish abundant data to guide the judgment of the skillful practitioner. This method of treating patients at a distance, by mail, has been so successful that there is scarcely a city or a villiage in the United States that is not represented by one or more cases upon the records of practice at the Invalids' Hotel and Surgical Institute. Such rare cases as cannot be treated in this way, which require surgical operations or careful after-treatment, or electrical therapeutics, receive the services of the most skillful specialists at the Institution.

Dr. R. V. Pierce long ago established this Invalids' Hotel and Surgical Institute with a full Staff of Physicians who were expert in their specialties. These physicians may be consulted, by letter, free and without charge whatever, if you wish a specialist's advice upon any chronic malady. The same system of "specialties" is observed as in the departments of a medical college. The professor who would assume to lecture in all departments with equal ease and proficiency would be severely ridiculed by his colleagues, and it is just as absured to suppose that the general practitioner can keep himself informed of the many new methods of treatment that are being constantly devised and adopted in the several departments of Medicine and Surgery.

People who have been patients at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., have much to say in regard to this wonderfully equipped Sanitarium, where all the latest electrical apparatus, as well as electric water baths, Turkish baths, static electric machines, high-frequency current, and other most modern and up-to-date apparatus are used for the cure of chronic diseases. The treatment of the chronic diseases that are peculiar to women have for many years been a large factor in the cures effected at the Invalids' Hotel and Surgical Institute.

The violet-ray treatment, which is another interesting proceeding, is carried out by concentrating the light, rich in the violet or chemical rays, from an arc light with a specially prepared carbon, upon any portion of the body that may be the seat of pain. Sufferers from neuralgia, sciatica, rheumatism, strains, sprains, also from those obscure exhausting pains (the origin of which cannot at times be accurately determined) frequently find immediate relief from a single treatment and usually with a little persistence in the use of this aid, comfortable health or perfect recovery is obtained.

Then, there is the incandescent light bath, consisting of a cabinet in which the patient is bathed in the combined rays of many electric lights. It has produced really wonderful results in diabetes, sciatica, rheumatism, obesity, anaemia, and some forms of kidney and heart trouble. It has also proven valuable in chronic bronchitis, bronchial asthma and the various skin diseases. As a general hygienic measure its efficiency can scarcely be over-estimated.

In medicine there has been rapid and real progress during recent years, and Dr. Pierce has kept up with the times in that he has had the manufacture and ingredients in his well-known remedies improved in a modern laboratory by skilled chemists, the greatest care being exercised to see that the ingredients entering into his well-known medicines, Dr. Pierce's Favorite Prescription as well as the "Golden Medical Discovery" are extracted from the best variety of native medicinal roots, gathered with great care and at the proper season of the year, so that their medicinal properties may be most reliable.

Great care is exercised not to over encourage those who consult the specialists of this institution that no false hopes may be raised.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound.

Write the Invalids' Hotel and Surgical Institute, Dr. R. V. Pierce, President, at Buffalo, N. Y.

FINANCIAL and COMMERCIAL

COTTON IS STILL NERVOUS

Trading Less Active and Fluctuations Less Violent, However—Later Rally and Close at Advance.

New York, June 1.—The cotton market shows continued nervousness today but trading was less active and fluctuations less violent. The sharp early break carried July into new low ground for the movement, but later the market had a good rally and the close was steady at a net gain of two to seven points.

The market opened steady at unchanged prices to an advance of seven points on better cables than due and covering. There was a renewal of heavy Wall street, and Western liquidation right after the opening, however, weather conditions were favorable and with private condition and crop reports in line with the recent more optimistic view of the prospect, prices quickly broke.

July contracts sold off to 14.15 or 25 points below the closing figures of last night and three points under the level of yesterday afternoon while later positions showed a net loss of about 8 to 18 points. Stop loss orders were uncovered on this decline but after they had been executed the selling of long cotton seemed to be less urgent and the market rallied on Liverpool buying and covering of shorts, and a demand for the new crop from spot houses. Fluctuations were more or less irregular during the balance of the day but the general ruling of the market was steadier and last prices were within 2 to 3 points of the best. The private condition and acreage reports issued during the day ranged from 80.2 to 81.4 per cent. in area. The government report on acreage and condition will be issued at noon tomorrow and from the talk around the local market the trade is expecting a condition between 80 to 81, comparing with 81.1 last year and 80.9 the ten year average. It was reported during the day that the bulls will export about 24,000 bales of cotton from the New York stock this week. Southern spot markets officially reported early were generally 1-4 to 5-16 cents lower. The weekly weather report was without influence.

Receipts at the ports today 5,128 against 6,818 last week and 4,812 last year. For the week 55,000 against 56,293 last week and 60,759 last year. Today's receipts at New Orleans 1,341 bales against 1,665 last year, and at Houston 570 against 1,404 last year.

Spot closed quiet 5 points advance; middling uplands 14.55; middling gulf 14.80. Sales 9,477 bales.

Futures opened steady and closed steady.

Month	Open	High	Low	Close

Deposited with the People's Savings Bank today and tomorrow will bear interest from June 1st 2t.

MANCHESTER LARGE BUYER.

Hubbard Bros. & Co., Review of the Cotton Market.

(Special Star Telegram.)

New York, June 1.—Manchester continues to be a large buyer of cotton in Liverpool and that market bought freely here during the opening hour, when our market was weak and lower under further liquidation. When this pressure ceased it was found that Europe had bought so freely that there were but few sellers and the market improved to the close, which was at about the best prices, some three to five points above last evening.

So many infavorable influences appeared in all the markets yesterday that traders everywhere became discouraged, but the strength of the Liverpool position with the small supply of cotton everywhere and the absolute necessity for a large crop next season brought about the recovery of today. We think the short interest was increased yesterday on the expectation of a further decline on favorable June weather.

HUBBARD BROS. & CO.

STOCK MARKET DISTURBED.

Injunction Against Western Roads Caused Alarm to Holders.

New York, June 1.—Speculative holders of stocks today showed their alarm over the injunction against Western Trunk Line date increases obtained by the government and liquidation in the market was heavy. Over a million shares had been sold before 1 o'clock and such declines had been forced as seven points in St. Paul, 4 1-2 in Louisville and Nashville, 4 3-8 in Union Pacific and Reading and between 2 and 4 for most of the active railroad stocks. Industrials were less acutely affected.

Bears operated very boldly and had to bid up prices to cover their shorts in the latter of the day, resulting in violent rallies running to three points in Reading. The closing tone was slightly irregular and unsettled but with no resumption of the early demoralization.

THE PRODUCE MARKET.

New York, June 1.—Flour generally steady with a moderate inquiry.

Rye flour—Quiet.

Cornmeal—Steady.

Wheat—Spot firm. No. 2 red 1.05 cif; No. 1 northern 1.11 7-8 nominal fob. Options closed at 1 1-2 to 1 5-8 advance. July 1.01 5-8; September 98 3-8; December 99.

Corn—Spot firm; No. 2, 66 nominal elevator domestic basis. Options closed 5-8 to 3-4c net higher. July 67 1-4; September 67 1-4.

Oats—Steady; mixed nominal.

Lard—Weak.

Tallow—Dull.

Petroleum—Steady.

Rice—Quiet.

Molasses—Steady.

Sugar—Raw firm. Refined steady.

Coffee—Futures closed steady, net unchanged to one point lower. Spot quiet; Rio No. 7, 8 1-4; Santos No. 4, 9 3-8. Mild quiet. Cordova 9 1-4 to 12 1-4.

Butter—Firm, unchanged.

Cheese—Firm; state, skims specials 12 1-2; fine 10 3-4 to 11 1-4; fair to good 8 to 9 1-2; common 5 1-2 to 7 1-2; full skims 2 1-2 to 3 1-2.

Eggs—Steady, prices unchanged.

Potatoes—Easy; Bermuda per barrel 2.50 to 3.25; Southern 75c to $1.75; old per barrel or bag $1.00 to $1.50.

Cabages—Easy; eastern shore per crate 75 to 90 cents do barrel 60 to 75 cents; Southern per crate 50c to 90c. Florida red per crate $1.00 to $1.50.

Freight and Peanuts—unchanged.

The cotton seed oil market was easier early on the decline in cotton and lard, but closed steady on smaller offerings and the rally in cotton, with prices unchanged to 10 points net decline and sales of 9,900 barrels. July 7.83 to 7.84; September 7.81 to 7.83; October 7.31 to 7.33; December 6.45 to 6.49.

FINANCIAL MARKET.

New York, June 1.—Money on call steady 2 3-4 to 3 1-4 per cent.; ruling rate 3 1-4, closing bid 3 1-4, offered at 3 3-8. Time loans dull and slightly firmer; sixty days 3 1-2 per cent., and ninety days 3 3-4 to 4 per cent.; six months 4 1-4 to 4 1-2.

Prime mercantile paper 4 3-4 to 5 1-4 per cent.; sterling exchange weaker with actual business in bankers bills at 4.84 to 4.8425 for sixty day bills and at 4.8710 for demand. Commercial bills 4.83 1-2 to 4.84. Bar silver 53 1-2. Mexican dollars.

DRY GOODS MARKET.

New York, June 1.—The cotton goods market was quiet for the day with prices holding steady. Some business has begun to come forward on staple prints at the new price. Dress goods are selling better for immediate delivery. Fancy silks are in demand but staples are very dull. Ribbons are inactive.

PEANUTS.

(Reported by Rodgers, McCabe & CCo.)

Petersburg, Va., May 31.—Spanish—market firm at $1.35 per bushel. Receipts light. Virginias—Market firm at 4 1-4 to 4 1-2c for Jumbo; 4c for fancy hand picked; 3 1-2 to 3 3-4c for machine picked; 2 to 2 3-4c for shelling stock.

Marvelous Discoveries.

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhage, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black, of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c. and $1.00. A trial bottle free. Guaranteed by Robt R. Bellamy.

Today's Deposits.

Will bear interest from June 1st and receive interest September 1st.

Last chance for this interest quarter. Wilmington Savings & Trust Co. **

REVIEW OF THE STOCK MARKET

Affect of Railroad Freight Rate Injunction—Many Active Stocks Showed Losses—Legislation in Congress.

New York, June 1.—Measured by the rate of shrinkage of prices, the stock market offers a strong impression of the sinister purport given by the speculation to the action of the Federal government against the advance in railroad freight rates. The fall in prices added to yesterday's declines had carried St. Paul and Reading down 9 5-8 before effective resistance was encountered.

Many other active stocks showed losses for the two days movement of between five and eight points. The result was the abrupt establishment of prices at the lowest level of the year for all the principal railroads but the weakness in that group was sufficiently acute to leave no room for a presumption of their exemption from the influence common to the whole speculation.

Much must be allowed to the element of unexpectedness in the government action to explain adequately the abrupt effect produced. Opposition to the proposed advance in freight rates possibly extending to legal process was looked for and the railroads have been pursuing a course to meet this opposition and public agitation on the subject.

The appeal to the principle of unlawful concert and agreement in the making of the schedules contained in the government suit is what proved the greatest shock to speculative sensibilities.

The Supreme Court decision in the Missouri River and Denver rate cases, upholding the ruling of the inter-state commerce commission, supplied an effective supplement to the Federal injunction suit as a depressing influence on stocks. The shaping of the railroad bill in Congress received increased consideration as indicating the tendencies toward radical treatment of the railroads. It was considered not without significance that the rally in the market followed the news of the defeat of the amendment for physical valuation of railroads.

Nothing else received much consideration in the day's stock market. Private estimates of the large increase in cotton acerage awakened expectation of a favorable government report tomorrow. The weekly bulletin of the weather bureau showed favorable weather conditions for cotton but reported the grain crops delayed by unseasonable conditions. The boldness of the bears left a large uncovered short interest which had to advance bids to secure stocks when the liquidation had spent its force. It was this demand which rallied the market and modified the extreme declines very materially.

Bonds were weak. Total sales par value $3,269,000. United States bonds were unchanged on call. Total sales for the day 1,312,600 shares.

THE GRAIN MARKET.

Chicago, June 1.—Promise that the turn would come some time were at last fulfilled today in the wheat market. There was a successful bull movement with substantial gains in prices for the first time in many days. Perhaps the most effective aid was the cash wheat demand which kept up at a better rate than had been expected. The close was steady and not far from the best prices of the session with a net advance of 7-8 to 1 1-8c. Finished corn 1-8 to 1-4c up and oats 1 1-4 to 1 5-8c. Final figures for provisions were at a decline of 22 1-2 to 42 1-2c.

Cash wheat close: No. 2 red 1.00 to 1.01 1-2; No. 3 red 95 to 99; No. 2 hard 95 1-2 to 96 1-2; No. 3 hard 90 to 92 1-2; No. 1 northern 1.02 to 1.03 1-2; No. 2 northern 99 to 1.00; No. 3 Spring 90 to 99.

Corn—No. 2, 57 1-2 to 58; No. 2 white 61 to 61 1-4; No. 2 yellow 58 1-2 to 59; No. 3, 57 to 57 1-2; No. 3 white 60 to 60 1-2; No. 3 yellow 58 to 58 1-2; No. 4, 52 1-2 to 55; No. 4 white 55 to 58; No. 4 yellow 52 1-2 to 56 1-2.

Oats—No. 2, 36 3-4; No. 2 white 38 3-4 to 39; No. 3 white 35 1-2 to 38 1-4; No. 4 white 35 to 37; standard 38 1-4 to 38.

LAMBS—Good demand $1.50 to $3.00.

PEAS—White black eyes $2.25 and $2.50; lady fingers $2.75; clay and cow peas $1.75, full.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Clothing Sale

I have decided to sell my stock of clothing at great reduced prices. We handle several noted brands that are sold to men and boys, and among them we sell Adler's Rochester Clothing for men, we will sell the $27.50 value in new up-to-date goods for men for $17.50. The $20.00 value for $14.00 and other styles in proportion. The Adler Rochester Bros. suits are the height of perfection in style, fit and material. They wear and look well twice as long as an ordinary suit. These suit never swag or wrinkle in the front or break in any way. I am selling this grade of clothing at this price more to introduce them than anything else.

We have on hand about 100 men's all wool cashimer suits, the prices of these suits have been greatly reduced. We are selling our $9.00 suits for $4.98, Men's Fancy Worsted $10.00 suits for $6.38 and other suits in proportion to these.

A Special Sale on Men's Pants. We are selling our $1.50 pants for 86 cents special. Our $2.00 pants for $1.08. In Men's pants we sell quite a large variety, and we have as nice assortment as you can find anywhere and prices below competition.

We are selling boys' suits as low as 58 cents. A real nice Wash suit for 68 cents each. A nice high grade worsted Suit for $2.56.

UNDERWEAR

Men's and Boys' nansook underwear for 23 cents each. A fine line of men's silk finish balbriggan underwear made of lisle thread $1.00 quality at 50 cents each, just half price. Ladies' undervests full sizes 5 cents each. In our Big Clothing Store we have made up our mind to cut the prices and unload the goods in season, as it is now in the Spring of the year when the people are buying clothing and I want to move mine.

Remember This

We are offering you seasonable clothing at out of the season prices. Come and see the goods and judge for yourselves whether they are rich values and great bargains. To buy the clothing at half price is a big saving to you, to sell at that price means a big loss to me. I make this offer to help you out as well as myself. Come to Gaylord's Clothing Sale as we have everything in the Clothing Department.

At The
Big Department Store
On Front Street
Geo. O. Gaylord, Proprietor.

The COLUMBIA Refrigerator

If there is one thing more than another that a person should choose with care it is their refrigerator.

Your health is, to a certain extent, dependent upon it; for in it, for keeping, is placed the food you eat—your refrigerator must preserve.

The Columbia is the best by actual test—in it things keep perferctly—no taint—all parts easily removed for cleaning—we have them with both galvanized iron and white enamel linings. Prices $8.50 up. Water coolers all sizes.

MURDER OF ALMA KELLNER.

Reward of $4,500 for Murderer—Missing Foot Found.

Louisville, Ky., June 1.—The city council tonight authorized Mayor Head to offer a reward of $2,500 for the conviction of the murderer of Alma Kellner. This makes a total of $4,500 already offered.

Continuing their search for evidence the police today found the missing foot of the Kellner child in a pile of ashes near the furnace in the basement of the church. This supports the theory that the murderer first tried to burn the body of the victim. A child's undervest stained with blood and rolled up and pinned, was found in a small closet used for storage purposes off the steps leading up to the main entrance of the church.

In a police court today attorneys for Mrs. Wendling asked for her discharge on the ground that there was no law to cover the holding of a person as "accessory after the fact" where a wife is involved. The matter will be argued tomorrow.

The quick lime with which the child's body was covered when found was purchased, it was learned today, at a grocery only a few blocks away. According to the grocer the order for the lime was telephoned from St. John's church and the barrel of lime was delivered there and turned over to a woman. As it was a cash transaction no record was made of the date, but it was shortly after Christmas, or about three weeks after Alma disappeared.

GOOD DAY FOR KOHLER.

Trial of "Golden Rule Chief" on in Cleveland.

Cleveland, O., June 1.—The second day of the trial of Chief of Police Fred Kohler, Cleveland's "Golden Rule Chief" on charges of immorality, intoxication and insubordination, was a decidedly bright one for the defense. The prosecution put upon the stand their star witness, a woman of the red light district, who was expected to prove the more serious charges of immorality which were brought against the chief. In substance all the testimony that this woman gave was that she had once seen Chief Kohler drinking wine within a disorderly house.

Patrick J. Brown, a former policeman at Muncie, Ind., was one of the two men who signed the charges against the accused official. Brown complained that on one occasion when his automobile had been stolen Kohler had refused to listen to his complaint and had ordered him out of his office. On cross-examination he admitted that he had bet money on the result of the tria. and that he had also made a bet of $20 in January that he "would get Kohler yet."

Several witnesses testified to having seen Chief Kohler intoxicated on different occasions, but the evidence was contradictory and in certain of the cases cause for animus was shown.

FAILED COTTON FIRM.

Inquiry Into Affairs of Knight, Yancey & Company.

Birmingham, Ala., June 1.—John W. Knight, of Decatur, who was in charge of the affairs of Knight, Yancey & Company at the time of the firm's recent failure, did not testify today before the meeting of the creditors of the bankrupt firm as had been expected. He appeared in court this afternoon and after a short conference with his attorney was excused until tomorrow morning at 10 o'clock when the hearing before referee in bankruptcy Jere Murphy will be resumed.

The testimony of Mr. Knight is expected to prove of exceptional interest because of the large amount involved in the failure, nearly $6,000,000.

At the morning session a number of railroad agents were introduced who offered furtner testimony regarding the spurious bills of lading for cotton, which have been introduced and the signatures of which, it is alleged, have been forged.

COTTON SUIT FAILS.

Receiver Has No Capacity and Court No Jurisdiction.

New York, June 1.—The suit which J. A. E. Pyle, receiver of the cotton firm of Steele, Miller & Co., of Corinth, Miss., instituted in the United States court against the cotton firm of Stephen M. Weld & Co., of this city, has fallen through. Judge Hazel in an order made today says that Pyle has no capacity and the court has no jurisdiction of the matter. For this reason Judge Hazel vacated the injunction granted and denied the petition of the New York Dock Company to be relieved of responsibility by surrendering the bales of cotton described in the injunction into the custody of the court.

Watch for the advertisement in this paper giving terms of Auction Sale which takes place June 6th, Wilmington, N. C. **

RAPID PROGRESS ON RAILROAD BILL

(Continued From Page One.)

prise me," he said.

Mr. Bailey said he had been careful to confine his prohibition to the carrier and not to extend it to the commodity itself. Doubting the power of Congress even under the commerce clause of the constitution, to interdict inter-state commerce in a wholesome and merchantable article, he said he had not undertaken to prevent the shipment of a commodity produced by a common carrier if transported by another carrier.

The inhibition did, however, go to the extent of forbidding the transportation of the article by the producing company, his purpose being to prevent the transportation companies from monopolizing mining and manufacturing to the injury of other interests. Fourteen Democrats and eleven Republicans voted for the Bailey amendment as follows: Messrs. Beveridge, Borah, Bourne, Bristow, Brown, Clapp, Crawford, Dixon, Dolliver, Gamble and LaFollette, Republicans, and Bacon, Bailey, Clay, Frozier, Hughes, Newlands, Overman, Owen, Paynter, Purcell, Raynor, Shively, Simmons and Stone.

BLOODIEST WEEK OF WAR.

Serious Situation In Nicaragua—Hundreds Were Killed.

Bluefields, Nica., May 27.—via New Orleans,—With attacks directed upon it from three different directions by the troops of the Madriz government, Bluefields, the provisional capital and stronghold of the Nicaraguan insurgents, finds itself today largely in a state of siege. Within the last few days General Estrada commanding the insurgents has repulsed the enemy behind Bluefields and at Rama, but lost the bluff and the customs house through what he believes to have been a piece of treachery.

This has been the bloodiest week of the war and the total casualties on both sides will run up into the hundreds, including several Americans, who had cast their lot with the revolutionists.

The first attack by the Madriz troops was made at Rama early in the week. Estrada now believes that a well arranged plan made some time ago by Madriz called for the first attack at Rama so that the Madriz troops who were coming up behind Bluefields along the coast would find the garrison at the town largely depleted by the withdrawal of men from the defense at Rama. This coup proved only partly successful for General Paris, commanding the Madriz troops. The plan was largely twarted by the work of a young American Phil Pitman, of Boston, whose system of mines around Bluefields proved an important factor in saving the town.

As the enemy advanced on the coast, one of these mines was exploded and a company of Madriz men not observing the open order plan of attack in their advance was almost annihilated. Several Americans were handling rapid fire guns behind the fortifications at the time and the ranks of the advancing army wavered and then broke for cover. That ended the fighting behind Bluefields for that day.

COLLISION CAUSED PANIC.

Exciting Scenes In New York Subway Last Night.

New York, June 1.—Panic and confusion resulted tonight from a rear end collision of two Sountbound subway trains at Mott avenue in the Bronx. Nobody, it is said, was seriously hurt, though the police declare that they carried out 200 persons unconscious from the smoke.

The rear car of the forward train caught fire at the impact and sent out such volumes of smoke that passengers at the next station north, four blocks away were driven chocking to the street. Passengers in the forward train, which was standing in the station when struck were allowed to make their way to the fresh air by the regular station exits as soon as it was seen that they were in no further danger. Those in the rear train were kept imprisoned for twenty minutes until a northbound could be halted beside them to effect a transfer. Then they were taken rapidly to the next station.

During this period of imprisonment the terror of many was pitiable, but to allow them to descend into the tunnel would have been to expose them to the third rail and the danger of being run down by other trains.

Officials of the Interborough Company denied that either of the trains had been on fire. They said that the fire originated in a pumping station at the lowest point beneath the Bronx river, about 300 feet from the Mott avenue station. The smoke from this blaze, they say, halted the forward train which was rammed by the train following whose motorman could not see the block signals because of the smoke.

HOLSTLAW'S CONFESSION.

Declares He Would Rather Be a Boodler Than a Liar.

Iuka, Ills., June 1.—"I'd rather be known as a boodler than a liar" said State Senator Daniel Holstlaw in an interview at his home today, speaking of his confession to accepting a bribe of $2,500 as a legislator.

"May be," he continued, "I took the money because I saw everyone else doing the same thing—I can't explain.

"I made the confession because I couldn't tell a lie."

"I don't know I don't understand," he said with a helpless air, answering a question of why he, a man owning property worth a quarter of a million dollars, would accept a bribe.

"All I want is to sink out of sight," he said: "I knew the indictment charging me with perjury was a bluff, and it didn't frighten me. But when they asked me whether I was paid for voting for Senator Lorimer I had to tell the truth."

Lynchburg, Va., June 1.—Dr. S. T. Willis, pastor of the Union Avenue Christian church of New York City, has accepted the Bible chair in Virginia Christian College here. He had held his New York pastorate nearly 21 years.

The cost of a Business Local is a small fee to pay for securing a good tenant.

LADY FRANCES COOK.

Writ of Habeas Corpus Granted—The Wealthy Suffragist.

New York, June 1.—A writ of habeas corpus for Lady Frances Cook, the suffragette, better remembered as Tennessee Claflin, was granted tonight in the State Supreme Court to Mary Sparr, Lady Cook's sister. The petition recited that Lady Cook, who was old and feeble, was restrained of her liberty by John Floyd Hume and his wife, Mabel; that Lady Cook was being secreted from her relatives and that she was allowed to spend no money on her own needs.

Mr. Hume, who is a newspaper man, with whom Lady Cook sometimes makes her home when she is in this country, said that Lady Cook's estate, which she inherited from her husband, is strictly entailed under the laws of England and that not a penny of it could be diverted from the family.

The complaint was subsequently withdrawn when Millard F. Sparr, a son of the complainant, and a nephew of Lady Cook, informed his mother that she was wholly in error. Inasmuch as Millard Sparr is Lady Cook's business manager, his explanations were accepted.

Seen at the home of Hume, Lady Cook said tonight:

"It is a very pathetic affair. My sister is an old woman, ten years older than I, and the idea of accusing me of not being in possession of my faculties. I was the baby of the family and she probably thinks of me even now as a little girl. I wept when I heard what she had done.

"I live with the Humes, but I'm a perfectly free agent. Mr. and Mrs. Hume are my dear friends. I tell them I want them to live with me while I am in this country, but I go where I please. I'm accountable to no one. I'm going to see my sister just the same as if nothing had happened.

"People have always been accusing others of coming after my money. Some people have thought they could get some of it. Well, I believe in being generous. When I feel like it, I draw a check, but if anybody thinks he can inveigle me out of it he is much mistaken."

Lady Cook who will sail in a few weeks for Europe, said tonight that she plans to return to this country for good in the Fall.

ILLINOIS BRIBERY INQUIRY.

Beckemeyer Will Tell Graft Story Again.

Springfield, Ill., June 1.—Official announcement by State's Attorney Burke that Representative H. C. J. Beckemeyer hitherto a witness before the Cook county grand jury exclusively would be in the capital tomorrow to tell his story to the Sangamon county investigators, was the principal development today in the legislative bribery inquiry.

Beckemeyer's words, so far as they are known to the public are said to corroborate the allegations of Representative C. A. White whose tale of alleged bribery both in the election of William Lorimer to the United States Senate and in other legislative affairs started the investigation. Today's proceedings dealt wholly with alleged bribes that went to make up the general "slush fund" that several legislators have said was divided after the late Legislature adjourned.

During the day Representative McCollum declared that he told the grand jury yesterday that he voted for Lorimer for Senator after consulting his constituents because he believed Lorimer's election would bring dissension and division among the Republicans.

Representative Staymates in a talk with the State's attorney denied that he had been offerd or had received anyhting for his vote for Lorimer. He also denied any knowledge of a "Jack Pot."

ROOSEVELT IN LONDON.

Comment on Speech of Former President Yesterday.

London, June 2.—Theredore Roosevelt's Guild Hall speech is again the subject of long editorial comment in most of the London morning newspapers and it takes the leading place in the topics of the day.

The new Botha cabinet of United South Africa yesterday decided to release Dinizulu, son of the famous chief Cetewayo, who was serving a term of four year's imprisonment in Natal for harboring rebels, and give him a yearly allowance of $2,500, subject to his good behavior. London radical morning papers sarcastically express the hope that this act of clemency will not incur Mr. Roosevelt's displeasure on the score of "sentimentality."

Mr. Roosevelt passed today quietly. He visited the National Gallery, during the forenoon and had luncheon with several men permanent in the Irish Nationalist party.

There were 16 leading Nationalists at the luncheon, and Mr. Roosevelt had an intimate discussion of Irish affairs with them. Only two speeches were made, one of welcome by John Redmond and the other a humorous reply by the former President.

Before his departure from London Mr. Roosevelt will be entertained by King George. On this occasion his majesty will receive his guest, not in the capacity of a special ambassador to the funeral of the late King Edward, but as a distinguished visitor.

ENGLISH DERBY YESTERDAY.

Fair's Lemberg Took First Place—The Other Winners.

Epson Downs, Eng., June 1.—The 131st derby of $32,500 for three year olds, distance about one mile and a half, the classic of the English turf, was won today by Mr. Fair's Lemberg. Sir John Thurston's Greenback was second and A. P. Cunliff's Charles O'Malley third. Lord Rosebery's Nell Gow finished fourth. Seventeen horses started.

Teach the Young Man Business

the accounts of young men, young ladies, housekeepers, store keepers, clerks, stenographers, laborers and all others who desire to systematize receipts and expendiures are sought by this bank. It is not the amount of business you do, but the way you manage it, which counts. START AN ACCOUNT TODAY.

JEWELER
104 North Front Street.

Ralph Waldo Emerson said:

"If a man can write a better book, preach a better sermon, build a better mouse trap than his neighbor, though he build his house in the woods, the world will make a beaten path to his door."

That accounts for the fact that since we have been handling the

DAVID'S

You dont believe all the fish stories you hear; "the one that got away" is always the big one; but it is seldom as big a "whopper" as the story he tells about it.

You don't believe all the clothes stories you hear, either; some of them are like the fisherman's tale; there's no way to prove it. Now, we've got a good clothes story to tell you; it's about

Hart Schaffner & Marx Clothes

and we've got the goods to prove what we say about them. Hart Schaffner & Marx clothes are better than any description of them; they're all-wool, which means a lot more than those words convey. They're correct in every detail of style and tailoring; they give a man a correct fit, and make him look and feel well-dressed.

That's why we sell them; and that's why you ought to buy them.

Blum & Kochs' Straw Hats.

This store is the home of Hart Schaffner & Marx clothes and other good things to wear for Men and Boys.
